SATURDAY, JULY 7, 1860.

LEGISLATIVE COUNCIL OF INDIA.

THE 27TH JUNE 1860.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor-General on the 25th June 1860, and is hereby promulgated for general information :—

ACT No. XXVII OF 1860.

An Act for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons.

Preamble.

WHEREAS it is expedient to consolidate and amend certain Acts now in force which provide greater security for persons paying to the representatives of deceased Hindoos, Mahomedans, and others not usually designated as British subjects, debts which are payable in respect of the estates of such deceased persons, and which facilitate the collection of such debts by removing all doubts as to the legal title to demand and receive the same; It is enacted as follows :—

Acts repealed.

I. Act XX of 1841 *(for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons)* : so much of Act VIII of 1842 as relates to the said Act XX of 1841 : Act X of 1851 *(to amend Act XX of 1841 for the administration of personal estate of deceased persons)* : and Act VIII of 1854 *(to explain and amend Act X of 1851 and Act XX of 1841)*—are hereby repealed ; except as to certificates granted and acts done under the authority of the said laws before the passing of this Act.

No debt recoverable without a certificate.

II. No debtor of any deceased person shall be compelled in any Court to pay his debt to any person claiming to be entitled to the effects of any deceased person or any part thereof, except on the production of a certificate to be obtained in manner hereinafter mentioned, or of a probate or letters of administration, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled.

Certificate how to be obtained.

III. The District Court within the jurisdiction of which the deceased shall have ordinarily resided at the time of his death, or if at that time he had no fixed place of residence then within the jurisdiction of which any part of the property of the deceased may be found, shall have authority to grant a certificate under this Act. The applicant in his petition shall set forth his title. The Court shall issue notice of application, inviting claimants, and fixing a day for hearing the petition, and upon the appointed day or as soon after as may be convenient shall determine the right to the certificate and grant the same accordingly.

Effect of Certificate.

IV. The certificate of the District Court shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Court may take security from grantee of certificate.

V. It shall further be lawful for such Officer aforesaid to call upon the owners or occupants of lands about to be surveyed, and also on all persons claiming to have any rights or interests in such lands, to register the rights and titles exercised or claimed by them in the lands, and to produce before him for inspection and registry all grants, title deeds, and other documents, connected with their claims.

Penalty for owner &c., refusing or failing to attend, and for any person making false statement, &c.

IV. Any occupant or owner of land or other person whose attendance may be considered necessary for the purposes of this Act, who, on being summoned by such Officer aforesaid shall refuse or fail to attend at the demarcation, measurement, or assessment of his field, holding, or estate, or for the determining and marking the village boundary, or for the investigation and registry of his rights and claims in relation to such holding, estate, or property, or for the investigation and determination of any boundary—and any person who shall wilfully make any false statement, or shall wilfully refuse or neglect when called upon to give any information in his power, with respect to a boundary under enquiry—shall be liable, by order of such Officer aforesaid, to a fine not exceeding fifty Rupees, to be levied by warrant under the hand of the Officer imposing it, in the same manner as a fine imposed by a Magistrate for a misdemeanor, and with a like alternative of imprisonment in default as defined in Act II of 1839.

V. When a survey is in progress, notices shall be served on the persons owning or occupying the fields, holdings, estates, or villages concerned, requiring them to clear the boundaries, and to set up, form, or repair, or to render such aid and labor as may be necessary to form or repair under the supervision of the Government Officers, such boundary marks as may be required, within a reasonable time; and in the event of such persons not being found in their village, the notice shall be posted in a conspicuous place in the village, which shall be held to be a sufficient service, notwithstanding it may afterwards appear that the owners or occupants were not correctly named or designated in the said notice.

VI. In default of the owners or occupants of the fields, holdings, estates, or villages complying with such requisition, the said Officer may give directions for the erection and repair of the necessary Boundary marks, the cost of which shall be equitably apportioned on the fields, holdings, estates, or villages which they serve to distinguish, and shall be charged to the persons possessing a right of ownership or occupancy in such fields, holdings, estates, or villages in such manner as such Officer aforesaid may consider just, and shall be levied in the same manner as arrears of land revenue.

No. 710 *of* 1860.—His Excellency the Governor General in Council is pleased to direct the publication for general information of the following Resolution :—

FINANCE.

RESOLUTION.—By paragraph 14 of Financial Resolution of the 7th April, it was declared that the Accounts of the various Departments of the Army should, after examination at the several Presidencies, be transmitted to a Military Finance Department at Calcutta; and that the said Accounts having been finally examined by that Department in communication with the Audit Board, abstracts thereof would be sent to that Board for ultimate and appropriation audit.

In order to give effect to the objects thus indicated, the following Resolutions have been passed in detail. The functions to be entrusted to the Military Finance Department as therein described, will, pending the organisation of the Department, be exercised by the Military Finance Commission now sitting in Calcutta.

1. The Military Finance Department acting under the immediate supervision of the Government of India, shall be charged with the duty of examining into all sources of Military Expenditure, and controlling all permanent and contingent Military expenses whether relating to pay, monies, or material, throughout the Presidencies of Bengal, Madras, and Bombay, and all territories under the direct control of the Government of India.

2. The functions of the Department will extend to enforcing the observance of the limits of expenditure prescribed by Government for every branch of the Military Service, also constantly watching the progress of issues of stores, and disbursements of money, in relation to the sanctioned expenditure; and whenever the prescribed limits are in any way transgressed, the said Department will take such steps as may be necessary for enquiring into and checking the same, or will report the circumstances for the orders of Government. In like manner wherever reductions in the expenditure of money or stores, or further economy in the application of means may be considered practicable, it will be the duty of the Department to represent the same to the proper authority, with a view to the necessary measures being taken to give effect thereto, reporting their proceedings to Government.

3. The Financial Examination to be exercised in the Military Finance Department will not affect the functions of the several Local Governments of the established Military Authorities, or the Executive Heads of the several branches of the Service, whose responsibilities for ensuring economy and efficiency will remain as heretofore.

4. The said Department will exercise supervision over all Accounts of Military Expenditure, and to this end will be empowered to call on the Heads of all branches of the Service for information, and to require the assistance and co-operation of all departmental Disbursing Officers; also receiving from each Head of Department timely notice of every probable increase or decrease in requirements

of any kind, whether as regards monies, establishments, or material, and whether contingent, or provided for in the Annual Estimates. The Military Finance Department will be responsible for enquiring and reporting to Government whether the duties of Disbursing, Accounting, and Controlling Officers, involving the issue of money or stores, are duly performed; also requiring the verifications of balances of cash and stores, restricting the cash amounts, either kept in hand or outstanding, and enforcing the carrying to account of all recoveries. It will be the duty of the Department to keep themselves fully acquainted with the nature of each Service, examining the records of receipt, issue, and consumption of stores, equipment, clothing, &c., and ascertaining whether the workshops, manufactories, and depôts connected with the Military Service are so conducted, and the allotments of stores, supplies, and equipments so kept up, that the utmost economy consistent with thorough efficiency, may be maintained. All requisitions for stores, whether on England, or on authorities in India, will be scrutinized by the Department, who will watch over the accumulation of stock, and control the quantities maintained in this country; also examining the terms of all contracts or other arrangements for obtaining supplies entered into on behalf of Government or any Military branch, in order to ascertain whether framed with due regard to economy and efficiency, and closely observing all disbursements, so as to be able at any time to furnish to the Financial Department of the Supreme Government, returns of all monies received and issued, under the different heads of service, up to the latest date.

5. In order to ensure strict and unvarying uniformity of record in all controlling, examining, and disbursing Offices of the Military Service, the Military Finance Department will see that the forms prescribed for all books, returns, vouchers, and accounts, are adhered to; being at the same time authorized to re-consider all existing forms, and under general instructions from the Government of India, to make such modifications as may be necessary, and lay down new Rules adapted to the process of examination, and check as ordered to be carried on, under the new system. The Department will also lay down the periods for the submission of these documents, and take measures to ensure their being rendered in a regular and uniform manner: defining and strictly enforcing the responsibility of controlling, disbursing, and accounting Officers in this respect, and as regards the correctness of the vouchers and authority for expenditure.

6. The Military Finance Department will determine the mode and form in which the Detailed Estimates of expenditure and requisitions for stores for each Executive Military Branch are to be framed, for incorporation in the General Budget. Those for the Bengal Presidency and for Territories under the direct rule of the Government of India, will be forwarded to the Department for submission to the Supreme Government; and as regards Madras and Bombay the Military portion of the General Estimate, together with the Detailed Estimates received from the Governments of those Presidencies, will be referred to the Military Finance Department.

7. The said Department will carefully check and examine all the Estimates and requisitions with due regard to Financial considerations, and the wants of the several branches of the Service, proposing to Government any modifications that may be necessary; and will combine the revised Estimates into one General Estimate of Military expenditure for all India, in which the numerical strength and location of the several Arms of the Service, and of the Army Establishments will be exhibited, with the estimated cost thereof; the proposed charges for Army Clothing, Hospitals, Material, Provisions, Pensions, &c., being also arranged, item by item in appropriate divisions, so that when the Estimates have been sanctioned, the disbursements may be at once brought under their respective heads. This General Estimate will then be submitted by the Military Finance Department to the Supreme Government, and will, after their orders have been passed, be incorporated with the Imperial Budget.

8. The Accounts of all the Military branches will, after the prescribed examination has been made, be transmitted in such forms and at such periods as may be ordered to the Military Finance Department with whom will rest the passing and final examination of such accounts, and they are accordingly authorized to institute further enquiries, call for detailed records, vouchers, explanations, and the like, disallow charges, or report the matter to Government. The strict appropriation of all disbursements of money or issues of stores under the head of Service for which sanctioned, will be enforced by the Department, who will also ascertain that the several amounts are charged against the specific sanction given, and against the year in which the said expense has been incurred. When the Accounts have been finally examined and passed, they will be classified and consolidated into one Statement for all India, and abstracts thereof will be transmitted to the Audit Board of the Supreme Government in such form as may be prescribed for final audit. The Military Finance Department will also allow such persons as may be deputed by the Audit Board to have access at all times to accounts of all kinds in their Office for such examination as may be prescribed.

9. The Department will be authorized at any time to inspect any Office whether of Control, Account, or Disbursement connected with Military expenditure of money or stores; to examine the books and investigate the transactions, as also to depute any person from the Department to conduct such inspection and report thereon.

10. At each of the Presidencies (Bengal, Madras, and Bombay), and in such other localities as may hereafter be fixed, an Officer subordinate to the said Military Finance Department, will be appointed, designated "Controller," who will cause due effect to be given to the orders of the Department in the matters described in the foregoing paragraphs subordinate to each Controller, there will be "Examiners" of the Accounts of the several Military branches, and an Officer for classifying and compiling Accounts in such numbers and at such station as may hereafter be found necessary; and one Officer in each Com-

piling Office will be specially responsible for the correctness and speedy classifying of the said Accounts.

11. Disbursing Officers of all the Military branches will transmit to the Examiners of the branch to which they respectively belong, the accounts of disbursements and issues of stores made by them, at such times and in such forms as may be prescribed, accompanied by the vouchers and authorities. The Examiners will, under the orders in force, scrutinize and compare all the Accounts obtaining explanation if necessary, or in the event of doubt existing as to the correctness of any charge, referring to the Controller; but if satisfied, will pass the Accounts, and transmit them to the Compiling Officer in the manner prescribed.

12. The Compiling Officer at each Presidency or in each Circle will, under the supervision of the Controller, classify the Accounts in such form as may be laid down; transmitting them to the Military Finance Department through the Controller, at such periods as may be ordered.

13. The special duty of the Controllers will be to examine and control all the Offices of examination, within their respective Circles, and to enforce the carrying out of orders under the established system; but they will also inspect all Offices of Account and Disbursement within their respective Circles, calling for such information regarding the Accounts received from the Examiners, as they may deem necessary, and in the event of doubt, on any point, making reference to the Department at Calcutta.

14. In the Bengal Presidency it will be the duty of the Controllers to examine and submit to the Military Finance Department the detailed Estimates of Military Expenditure, for incorporation in the General Budget of the Empire. In the Bombay and Madras Presidencies, the Controllers will submit such Estimates to the Local Government, for incorporation in the General Estimate of the Presidency.

15. The duties of examination and check now performed by the Military Auditor General, and the Auditors of Commissariat, Medical, Ordnance, and Clothing Accounts, at the several Presidencies, Bengal, Madras, and Bombay, and in the Territories directly under the Government of India, will be transferred to the Examiners of Accounts appointed to those branches respectively; the Officers and Establishments attached to the above Offices being, under instructions from the Military Finance Commission re-distributed, so as to meet the requirements of the new system. The general powers now exercised by the Military Auditor General in each Presidency will be merged in the enlarged powers to be entrusted to the Controllers.

16. The Officers employed as Controllers, Examiners, and Compilers, will be in future appointed under the same competitive system as that prescribed for the Financial Department, and will be transferable from one Presidency to another, as occasion may require.

17. The system of Examination and Account now laid down will take effect in each Presidency, from such date as may be determined by the Government of India; and pending the detailed arrangements for carrying it out, the duties will continue to be conducted as hitherto by the Officers in charge; their full responsibility for efficiency remaining undiminished, while at the same time they attend to the requisitions of the Military Finance Department.

18. It is known that, consequent on late events, arrears of Accounts have in many cases greatly accumulated to the detriment of efficiency and the interests of the State. The Supreme Government has hitherto looked leniently on such arrears, but from and after the date of the introduction of the new system, absolute regularity must be maintained, and no arrears permitted to accumulate without being at once brought to notice. In order that existing arrears may be cleared off as soon as possible, special establishments will be entertained for that purpose under arrangements made by the Military Finance Commission through the several Controllers, with strict injunctions that the object is to be speedily accomplished.

OFFICE OF THE DIRECTOR-GENERAL OF THE POST OFFICE IN INDIA,
January 1st, 1859.

THE following Conditions are to be observed in sending Book-Packets by Post:—

1*st*.—The Postage must be pre-paid in full, by means of Postage Stamps affixed outside the Packet on its cover.

2*nd*.—Every Packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination.

3*rd*.—The Packet may contain any number of separate books or other publications, prints or maps, and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

4*th*.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5*th*.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6*th*.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7th.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb, the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8th.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9th.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10th.—The Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11th.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage,) through a Foreign Country.

Special Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2nd.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3rd.—Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4th.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

There is only one delivery of letters at the General Post Office on Sundays, and Banghy Parcels are neither received nor despatched on that day.

Letters and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps :—

	Rs.	As.	Pie.
Letters not exceeding ½ oz. in weight	0	4	0
Ditto exceeding ½ oz. but not exceeding 1 oz.	0	8	0

And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.

Newspapers not exceeding 4 oz. in weight, 2*d.* or 10 pie must be pre-paid in cash, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

Notice.

The following is an Extract of an Order of the Government of India, No. 884 of the 13th July 1855 :—

" No Public Officer is authorized to send Covers on the Public Service by Post, without payment of Postage, unless he is at the time on active duty and in charge of the Office by virtue of which the privilege is enjoyed. All letters superscribed as 'on the Public Service only' must, even though the Postage thereon be not paid, be received and opened by the Officer to whom they are addressed, but if any such, or partially paid letter so superscribed, and addressed to any Officer except a Secretary to Government be found when opened, to relate to the private affairs of the Sender, the Postage will be debited to him and he will be further liable to be dealt with under Section XLVII., Act No. XVII. of 1854.

His Honor in Council further directs that unpaid or insufficiently paid letters addressed to any such Officer or Department and not superscribed "on the Public Service only" be refused, or if opened that it be at the risk and cost of the opener."

Letters arriving at the Presidency Towns by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

Under the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 P. M. are detained till the following morning, but parties who have registered their names under the usual fee are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

Forward Newspapers.—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

Mails for Akyab, Rangoon, and Moulmein are made up on the 3rd and 19th of each month, for transmission by the Contract Steamers or by Government Vessels, which sail on the morning of the 4th and 20th, unless the Contractors choose to postpone the departure for 48 hours, of which they have the power on making a requisition.

BANK OF BENGAL.

HALF-YEARLY REPORT BY THE DIRECTORS.

The Directors have the pleasure of laying before the Shareholders the result of the Bank's operations for the half-year ending 30th June.

During this period the value of money has undergone marked fluctuations. Early in January the demand for accommodation shewed a decided tendency to increase, so that the Bank's circulation throughout the entire month did not fall much short of the limit allowed under the Charter. This fulness of circulation rendered it necessary at two successive periods to raise the rates of Discount and Interest from 6 and 7 per Cent. to 8 and 9 per Cent.

Consequent on the closing of the Government 5½ per Cent. Loan on the 13th February following, the demands on the Bank became excessive, and the rates were further increased one per Cent. all round. The pressure at this date was greatly aggravated by the sudden abstraction and the locking up of nearly 38 Lakhs of Capital in connection with one of the Government Salt Sales which took place on the 29th February. To meet this extraordinary demand on the resources of the Bank and with the view of affording the utmost facilities to the public, without adding further to the Discount and Interest rates, the Directors deemed it expedient to make an arrangement with Government under which the right of issue was extended by seventy-five additional Lakhs, on the Bank agreeing to pay Government at the rate of 5 per Cent. per annum on the excess of their authorized circulation. So great was the demand for accommodation at this period, that not less than 2 per Cent. per mensem was paid in the Bazar for short dated Loans. Towards the end of March the business of the Bank reverted to its ordinary channels, and successive falls in the rates of Interest took place during the following month. Indeed so rapid was the reaction, that in April, May, and June the amount of Cash steadily increased from a minimum of Rupees 1,11,13,561, to upwards of Rupees 2,36,00,000. This repletion of Coin in the Coffers of the Bank has been accompanied by an unusual dulness and stagnation in all the staple articles of Trade. Money in consequence continues very abundant, and great difficulty is experienced in finding employment for it even at the Bazar rates of 3¾ to 4 per Cent. The Directors however hopefully look forward to an early mitigation of the unfavorable features which have characterized the position of Mercantile affairs during the past three months.

The Profits on the ordinary business of the Bank during the period embraced in the last half-year give a Dividend on the Paid-Up Capital at the rate of Rupees 13-9-9¾ per Cent. In addition however to the usual fund available for Dividend, the Directors are enabled out of profits realized on the Sales of Government Securities to declare a Dividend of 15 per Cent. and to carry over a surplus of Rupees 8,276 to the credit of Reserve Fund. At 31st December last the balance of Reserve Fund stood at Rupees 2,39,925-1-9, out of which, in conformity with the Resolution passed at last Meeting of the Shareholders, a sum of Rupees 30,000 was paid to Mr. H. J. Lee, the retiring Deputy Secretary. Thus the present outstanding Balance amounts to Rupees 2,18,201-1-9.

For further details the Directors would refer the Shareholders to the appended Statements of the Bank's Liabilities and Assets and of Receipts and Disbursements.

With regard to the Agency Department the Directors have to state that the amount of Securities held in Deposit, notwithstanding numerous withdrawals for enfacement, is Rupees 5,00,15,256. The clear Profit in this Department during the past half-year is Rupees 9,295-1-4.

The Directors are glad in being able to add that no positive losses on the Bank's business have been sustained since the 31st December last. Two overdue Bills of small amount, still outstanding, will, it is expected, be recovered in full.

Various Bills presently before the Legislative Council and affecting the interests of the Bank, continue to receive the earnest attention of the Directors.

FINANCIAL DEPARTMENT.

No. 59.

Extract from the Proceedings of the Government of India, in the Financial Department, dated 12th July 1860.

Read the following:—

Extract from the Proceedings of the Government of India, in the Foreign Department, No. 1579, *under date the* 31*st May* 1860.

Read a letter, and its enclosures, from the Officiating Secretary to the Punjab Government, in the Military Department, No. 200, dated 21st ultimo, and the reply to it, No. 1446, dated 19th instant, regarding the Pensions of Subadar Utter Sing and Ressaldar Nassur Khan, which have been retrenched by the Civil Auditor owing to these Officers having taken service under Government.

Observations.—The Governor General in Council observes that orders, on the particular cases referred by the Punjab Government, have been given by the Hon'ble the President in Council, and that orders are now required on the general question, whether Political Stipends ought to be affected by Official salaries, that is to say, whether persons enjoying Political Stipends, if they obtain employment under Government, should suffer a loss of Stipend equal to the amount of Official salary to which they thus become entitled.

The Rule* at present is that "persons in the receipt of Stipends of an elemosynary nature, such as Superannuation Pensions, allowance for the support of Ex-Maafeedars, Stipends granted by the free will of Government to Dependants of Native Chiefs whose Dominions have been incorporated with its own," and "others of the same nature," when employed in the service of Government, are entitled to the allowance of the Office less the amount of Stipend, or to the Stipend less the allowance, according as one or other is the greater.

* *Vide* pages 27 and 76 of Civil Auditor's Manual for the North-Western Provinces (Paras. 198 and 468 and 469.)

The Governor General in Council is of opinion that the Rule should be repealed as regards Stipends granted to Dependants of Native Chiefs whose Dominions have been incorporated, and other Political Stipends. The persons affected by it are just those whom it is desirable to draw into the Public Service, men of families which have exercised influence, and which are well known to those around them. And as these persons are now generally prevented by the existing Rule from taking Government employment, the repeal of the Rule will involve inconsiderable, if any, loss.

ORDERED, that a copy of the foregoing Observations, and of the correspondence with the Punjab Government, be sent to the Financial Department for further consideration and orders.

FINANCIAL DEPARTMENT.

Fort William, the 12th July 1860.

RESOLUTION.—His Excellency the Governor General in Council is pleased, on the grounds set forth in the above "Observations" made in the Foreign Department, to authorize that so much of the rule in question be rescinded as relates to Stipends granted to Dependants of Native Chiefs whose Dominions have been incorporated with the British Possessions, and other Political Stipends; and that the measure be reported to the Right Hon'ble the Secretary of State for his approval.

ORDERED, that a copy of the above Resolution be sent to the Foreign Department for information and further necessary orders, with an intimation that the matter has been referred to the Secretary of State.

Ordered also, that the above Resolution be published in the *Calcutta Official Gazette* for general information.

LAHORE, 29TH JUNE 1860.

No. 268.—Departmental Officers, and Officers Commanding Regiments, Police, &c., are requested to carry out, as far as practicable, the following instructions relating to public correspondence :—

MILITARY DEPARTMENT.

The 8th June 1860.

Extract of a Report by the Secretaries to the Government of India, dated 4th November 1859, regarding the mode of conducting the Correspondence between the Home and Indian Governments, and the better regulation of the system of record and correspondence in India :—

14. On the question of laying down rules for the better regulation of Official correspondence in India, we would state our opinion in the first place, that no rules which can be prescribed will be found to be long of much effect, unless some means are taken constantly to call attention to them. For this object no plan occurs to us as likely to be more efficient than to forward to every Officer, on the occasion of his being appointed substantively to any Office, a printed copy of the Regulations in force, and we would recommend that this plan should be followed by all the Governments in India.

15. There will probably be much difference of opinion as to the degree of detail to which any rules in this matter should descend. We annex to this paper an order issued a few months back by the Government of Madras, which contains some excellent instructions for the guidance of those functionaries who correspond direct with the Government.

But we think that, for the general guidance of public Officers of all ranks and in all Departments, some rules like the following would be more appropriate :—

As a general rule in Official correspondence, except in cases of great importance, or when the communication is a personal defence, or relating to the personal defence of a subordinate, enclosures should not be submitted.

When submitting to superior authority a case on which comment is necessary, a public Officer should, as a general rule, himself, write a single letter, making his communication complete in itself, stating the subject of his reference fully, and setting out all the information that he has received on the subject, and every point necessary to the perfect understanding of the case.

When submitting to superior authority a communication on which no comment is necessary, or at most a simple expression of assent or dissent, a public Officer should, as a general rule, forward such communication, or a copy of it by a memorandum or endorsement.

In all cases of a trivial and unimportant character, such as application for temporary or privilege leave, communications relating to ordinary contingent charges, and the like, the original communication from the first Officer should be forwarded through the usual channels, to the sanctioning authority, by whom it should be returned with the orders written upon it. Intermediate authorities, through whom the communication may have to pass before it reaches the sanctioning authority, should simply record upon it, in the form of a memorandum, their acquiescence or dissent, with a brief statement of grounds in the latter case.

No record should be kept in any Office of the cases referred to in the preceding clause, other than an abstract entry in a register.

16. We believe that such rules as these, if strictly enforced by the Heads of the Departments, and the principal District Authorities, would greatly reduce the amount of official writing, which is so justly commented on in the Secretary of State's Despatch. We attach, specially, great importance to the practice of forwarding papers by endorsement, and in minor cases, which have to pass through several different Offices, of passing on the original paper, and the returning of that paper to the writer, with the orders of Government or other final authority upon it. In the adoption of this practice, and in maintaining a strict discipline in the matter of submitting enclosures, the whole point appears to us lie.

17. It would also, in one class of cases, essentially reduce writing, and in some degree diminish the bulk of the *Gazette*, if the several Departments of the Supreme Government and the Local Governments took note of orders issued in the *Gazette*, without requiring to be informed separately of the issues of such orders. At present, for instance, when application is made to the Military Department for the services of an Officer, the *Gazette* Order issued in compliance is not taken notice of, but it is required that the Military Department should specially apprise the Foreign, or Home, or Public Works Department, or the Lieutenant-Governors, as the case may be, that the services of the Officer are given. This might well be dispensed with. So likewise we think that the Adjutant-General and the Military Auditor-General might take for guidance the Orders gazetted by the Civil Departments and the Lieutenant-Governors, instead of waiting till the Military Department repeats these Orders by again gazetting them. In all Departments it should be an understood rule, that an order in the *Gazette* suffices for every thing, and the Military Authorities should be apprised that Orders once gazetted by a Civil Department will not be gazetted again by the Military Department.

No. 369.

Copy of the foregoing forwarded to the Military Secretary to Government, Punjab, for information and guidance, with an intimation that the arrangements having been approved of by the Right Hon'ble the Secretary of State for India, are to be brougt into operation without delay.

or is concealing any part of his estate or effects, nor against any creditor whose debt is not truly specified in the said petition, nor against any creditor whose debt has been contracted by reason of any manner of fraud or breach of trust.

Temporary protection.

VII. It shall be lawful for such Commissioner as aforesaid, upon the examination of such petition as aforesaid, to grant to such petitioning debtor a temporary and limited protection from arrest, and such petitioning debtor shall be accordingly free from arrest for such time and within such limits and conditions as shall be specified in the said protection, with the like penalties on any officer arresting him as aforesaid; and it shall be lawful for such Commissioner to require such petitioning debtor to give bail for his appearance at the said several meetings of his creditors; and every petitioning debtor shall have such protection from arrest when going to, remaining in, and returning from his necessary attendance on the said Commissioner, or the said meetings of creditors, as is enjoyed by any party or witness attending any Court of Record.

Vesting of estate.

VIII. From and after the date of the filing of such resolution and agreement as aforesaid all the estate and effects of such petitioning debtor shall vest in the trustee (if any such shall be appointed) by virtue of such resolutions, and without any deed, as fully as if such trustee were an assignee under the Statutes relating to bankrupts; and every such trustee may sue and be sued as if he were such assignee in bankruptcy.

IX. Every such trustee as aforesaid shall, once at least in every six months, or oftener if the said Commissioner or any two or more of the creditors of such petitioning debtor whose debts amount to one-tenth of the amount of the debts of such debtor require it, produce to the said Commissioner, on oath or solemn declaration, a full and true account of all monies, property, and effects of such petitioning debtor which have come to his hands, and of the disposal thereof; and the said Commissioner shall examine the same, and shall certify the result of such examination, and shall, if need be, order payment to the creditors of such petitioning creditor, according to the terms of such resolution or agreement as aforesaid.

Examinations.

X. If it shall at any time appear to the said Commissioner, on representation of such trustee as aforesaid, or of any two creditors as aforesaid, that such petitioning debtor has not made a true discovery of his estate and effects, or has not duly accounted for any subsequently acquired property (if required by the true intent and meaning of the said resolution or agreement), or has wilfully made any false return of creditors, it shall be lawful for the said Commissioner to order such petitioning debtor to be examined before him upon oath touching such matters; and such order and examination shall be enforced in such manner as is now practised in the ordering and examination of Insolvents under the Act of the eleventh year of the reign of Her present Majesty entitled "An Act to consolidate and amend the law relating to Insolvent debtors in India."

Special meetings.

XI. In case any difficulty shall arise in the execution of the said resolution or agreement, it shall be lawful for the said Commissioner to cause a special meeting of the creditors of such petitioning debtor to be assembled; and the resolution of the majority of the said creditors at such meeting, to confirm, alter, or annul the whole or any part of the said resolution or agreement, shall be as valid as if it had been part of the original resolution or agreement: provided, however, that if one-third in number and value of the creditors of such petitioning debtor do not attend such meeting in manner aforesaid, the resolution thereof shall not be valid unless the same is approved and confirmed by the said Commissioner.

Meeting of creditors.

XII. So soon as the said resolution or agreement shall have been carried into effect, and the creditors of the said petitioning debtor shall have been satisfied, according to the tenor of the same, the said Commissioner shall cause a meeting of the said creditors to be held before him, and, on being satisfied that the trustee has fully performed his trust, shall give to such trustee a certificate thereof under his hand and seal; and such certificate shall be a full release and acquittance to the said trustee, both in law and equity, for all matters done by him as such trustee; provided always that it shall be lawful for such trustee to receive for his services in the execution of his said trust such sum of money as the major part in number and value of the creditors assembled at such last-mentioned meeting shall appoint, subject to the approval and allowance of the said Commissioner.

Certificate.

XIII At such last-mentioned meeting the said Commissioner shall give to the said petitioning debtor a certificate, under the hand and seal of the said Commissioner, of the filing of the said petition, and of the resolution or agreement of the creditors of the said petitioning debtor, and that the said resolution or agreement has been fully carried into effect; and such certificate shall thenceforth operate to all intents and purposes as fully as if the same were a certificate of conformity under the Statutes relating to bankrupts, excepting only that no debt herein excepted from the operation of this Act shall be barred by the said certificate.

Rules and orders.

XIV. For the better carrying into effect the several purposes of this Act, it shall be lawful for the said Court from time to time to make such rules, regulations, and orders as the said Court shall think fit: provided, however, that such rules, regulations, and orders shall from time to time be transmitted to the Secretary of State for India in Council to be laid before Her Majesty for Her Royal approbation, correction, or revision.

Rules and orders how long to continue in force.

XV. Where any rules, regulations, and orders are, as hereinbefore directed, transmitted for Her Majesty's approbation, correction, or revision, the same respectively shall in the meantime be of full force, and shall so continue until the expiration of fourteen days after the said Court shall have received from the Secre-

Read a Telegraphic Message from the Civil Auditor of the North-Western Provinces, in reply dated the 7th instant.

RESOLUTION.—The Hon'ble the President in Council observes that the Government of the Punjab requests that the powers in regard to the competency of the Lieutenant-Governor to sanction past Establishments and Expenditure in general, may be defined.

2. Mr. Raynor, the former Civil Auditor of the Punjab, of whom the Lieutenant-Governor had enquired to what extent he was empowered to recognize the authority of the Lieutenant-Governor in respect to Establishments prospective and retrospective, replied that in the Civil Auditor's Office at Agra the practice was to accept the

authority of the Lieutenant-Governor for all past Expenditure on Establishments that had been discontinued without reference to the length of time for which they had been retained, the Expenditure in such case being passed as a contingency; if the Establishments were not discontinued the Lieutenant-Governor was competent to sanction them for six months only, Mr. Raynor added that, pending a reference to the Supreme Government, he was prepared to act on this rule, and several cases had been disposed of accordingly.

3. The present Civil Auditor, however, demurs to this practice. He considers that his predecessor's audits were not strictly correct; that the Lieutenant-Governor has authority to sanction Establishments for six months only, whether prospective or retrospective, and that Establishments could in no wise be treated as contingencies.

4. A direct reference was therefore made by the Government of the Punjab to the Agra Civil Auditor, and that Officer confirms Mr. Raynor's account of the practice of that Office.

5. The Civil Auditor at this Presidency having been called upon for a Report on the subject, states that since the rules of the 8th December 1843 were passed by the Government of India in this Department, Local Governments are not competent to sanction the entertainment of Establishments whether permanent or temporary, without reporting the same for the sanction of the Supreme Government.

6. He is therefore, he states, not aware of the precise circumstances under which the Civil Auditor of the North-Western Provinces, and Mr. Raynor, late Civil Auditor of the Punjab, state that the Lieutenant-Governor of the Punjab has authority to sanction Establishments for six months. Should this statement, however, he adds, be based on the Article 334 of the Civil Auditor's Manual for the North-Western Provinces, he would observe that their interpretation is not quite correct, inasmuch as the date of the Order* cited in the Article in question is anterior to the rule of December 1843, which must have superseded the Orders of 1840.

* Hon'ble Court, dated 12th March 1840.
General Department, North-Western Provinces, dated 13th June 1840.

7. The Civil Auditor of the North-Western Provinces also having been requested to report under what orders of Government he accepted the authority of the Lieutenant-Governor of those Provinces for past Expenditure discontinued without reference to the length of time for which they had been retained, and under what authority likewise it was held that the Lieutenant-Governor was competent to sanction Establishments for six months, states that there is no rule in the Offices restricting the authority of the Lieutenant-Governor in the sanction of temporary Establishment; such charges are passed under express orders without reference to period embraced therein, under Article 334 of the Civil Auditor's Manual (the same as quoted by the Civil Auditor at this Presidency) temporary Establishments sanctioned by Government without specification of period are allowed, he adds, for six months and then retrenched for renewed authority.

8. His Honor in Council is of opinion that the rule in Bengal is the correct rule; and he desires that it be enforced, *viz.*, that the Local Governments shall not be permitted to sanction any Establishments temporary or permanent without immediately reporting such sanction for the confirmation of the Government of India; and that the Auditors shall not pass the charges for any such Establishments unless they have been sanctioned by the Government of India.

Ordered, that a copy of the foregoing Resolution be sent to the Secretary to the Government of India with the Governor General for information and for communication to the Government of the Punjab; and that the original paper received with the Office Memorandum above adverted to, be returned.

Ordered also, that a copy of the Resolution be communicated, respectively, to the Local Governments and the Auditors noted in the margin, for their information and guidance.

Governments of Bengal, Fort St. George, Bombay, North-Western Provinces, and the Eastern Settlements.

Financial Department.

Sir,

I am directed to acknowledge the receipt of your letter No. 49-456, dated the 19th instant, enquiring with reference to the ruling of the 14th ultimo, *viz.*, that the Local Governments shall, for the future, not have the power to sanction any Establishments temporary or permanent without reporting the same to the Supreme Government for confirmation, first, whether the Authorities subordinate to those Governments are to be permitted as heretofore to sanction Establishments; and secondly, whether every charge connected with an Establishment is to be held to require the sanction of the Supreme Government prior to its being passed.

2. You observe in regard to your first enquiry that the Authorities noted in the margin have been hitherto understood to have the power of sanctioning Establishments for the periods specified against their names; and that as the Local Governments are held to be without the power of conveying this sanction, you are of opinion that it is impossible that those who are under them shall continue to possess this power, even if the other two Officers, *viz.*, the Director-General of the Post Office in India and the Post-Master General are held to have that authority as being directly under the Supreme Government.

Authority given under orders of Government, N. W. P.	Sudder Board of Revenue, Commissioners of Divisions.	Prospective, six months.
Authority given under orders of Government of India.	The Director-General of the Post Office in India	Prospective, six months.
	Post-Master General.	Prospective, three months.

3. With respect to the above, the Hon'ble the President in Council desires me to state, that the ruling of the 14th ultimo mentioned above is to be held applicable to all Establishments, whether sanctioned in the first instance by the Board of Revenue, Commissioners, the Director-General of the Post Office, or the Post-Master General; and with respect to the second question, I am to state that every charge connected with an Establishment is held to require the sanction of the Supreme Government and should not be passed without such sanction having been obtained.

4. With reference to the opinion expressed by you in the 7th paragraph of your letter under acknowledgment, *viz.*, that some date should be specified from which the powers hitherto held with respect to the sanction of Establishments by the Lieutenant-Governor and the different Authorities quoted by you shall be held to terminate, I am directed to inform you that the President in Council determines that the recent orders will be applicable to all Establishments entertained subsequent to the date of those Orders, *viz.*, 14th February 1860.

I have, &c.,

As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director-General of the Post Office desires to intimate to the Public that he has authorized the Post-Master of Bombay to despatch by the Express, Letters received by the Steamer addressed to persons who may have stated in writing their wish to have their Letters so forwarded, and who have engaged to pay the Express Postage of one Rupee for every quarter of an Ounce.

If, therefore, any persons desire that their Overland Letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post-Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that Letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional Letters being despatched.

Vesting of estate.

VIII. From and after the date of the filing of such resolution and agreement as aforesaid all the estate and effects of such petitioning debtor shall vest in the trustee (if any such shall be appointed) by virtue of such resolutions, and without any deed, as fully as if such trustee were an assignee under the Statutes relating to bankrupts; and every such trustee may sue and be sued as if he were such assignee in bankruptcy.

Audits.

IX. Every such trustee as aforesaid shall, once at least in every six months, or oftener if the said Commissioner or any two or more of the creditors of such petitioning debtor whose debts amount to one-tenth of the amount of the debts of such debtor require it, produce to the said Commissioner, on oath or solemn declaration, a full and true account of all monies, property, and effects of such petitioning debtor which have come to his hands, and of the disposal thereof; and the said Commissioner shall examine the same, and shall certify the result of such examination, and shall, if need be, order payment to the creditors of such petitioning creditor, according to the terms of such resolution or agreement as aforesaid.

Examinations.

X. If it shall at any time appear to the said Commissioner, on representation of such trustee as aforesaid, or of any two creditors as aforesaid, that such petitioning debtor has not made a true discovery of his estate and effects, or has not duly accounted for any subsequently acquired property (if required by the true intent and meaning of the said resolution or agreement), or has wilfully made any false return of creditors, it shall be lawful for the said Commissioner to order such petitioning debtor to be examined before him upon oath touching such matters; and such order and examination shall be enforced in such manner as is now practised in the ordering and examination of Insolvents under the Act of the eleventh year of the reign of Her present Majesty entitled "An Act to consolidate and amend the law relating to Insolvent debtors in India."

Special meetings.

XI. In case any difficulty shall arise in the execution of the said resolution or agreement, it shall be lawful for the said Commissioner to cause a special meeting of the creditors of such petitioning debtor to be assembled; and the resolution of the majority of the said creditors at such meeting, to confirm, alter, or annul the whole or any part of the said resolution or agreement, shall be as valid as if it had been part of the original resolution or agreement: provided, however, that if one-third in number and value of the creditors of such petitioning debtor do not attend such meeting in manner aforesaid, the resolution thereof shall not be valid unless the same is approved and confirmed by the said Commissioner.

Meeting of creditors.

XII. So soon as the said resolution or agreement shall have been carried into effect, and the creditors of the said petitioning debtor shall have been satisfied, according to the tenor of the same, the said Commissioner shall cause a meeting of the said creditors to be held before him, and, on being satisfied that the trustee has fully performed his trust, shall give to such trustee a certificate thereof under his hand and seal; and such certificate shall be a full release and acquittance to the said trustee, both in law and equity, for all matters done by him as such trustee; provided always that it shall be lawful for such trustee to receive for his services in the execution of his said trust such sum of money as the major part in number and value of the creditors assembled at such last-mentioned meeting shall appoint, subject to the approval and allowance of the said Commissioner.

Certificate.

XIII. At such last-mentioned meeting the said Commissioner shall give to the said petitioning debtor a certificate, under the hand and seal of the said Commissioner, of the filing of the said petition, and of the resolution or agreement of the creditors of the said petitioning debtor, and that the said resolution or agreement has been fully carried into effect; and such certificate shall thenceforth operate to all intents and purposes as fully as if the same were a certificate of conformity under the Statutes relating to bankrupts, excepting only that no debt herein excepted from the operation of this Act shall be barred by the said certificate.

Rules and orders.

XIV. For the better carrying into effect the several purposes of this Act, it shall be lawful for the said Court from time to time to make such rules, regulations, and orders as the said Court shall think fit: provided, however, that such rules, regulations, and orders shall from time to time be transmitted to the Secretary of State for India in Council to be laid before Her Majesty for Her Royal approbation, correction, or revision.

Rules and orders how long to continue in force.

XV. Where any rules, regulations, and orders are, as hereinbefore directed, transmitted for Her Majesty's approbation, correction, or revision, the same respectively shall in the meantime be of full force, and shall so continue until the expiration of fourteen days after the said Court shall have received from the Secre-

tary of State for India a communication of Her Majesty's disallowance thereof, or of any alteration directed by Her Majesty to be made therein.

XVI. This Act shall extend to aliens, denizens, and women; and all words in the singular number may be interpreted in the plural number, and *vice versâ*; and all words in the masculine gender may be interpreted to include the feminine gender; and this Act shall be construed beneficially to creditors; and, if any doubts should arise in the construction thereof, it shall be construed by analogy to the laws now in force relating to Insolvents and the practice thereof.

No. 163.

Notification.—His Excellency the Viceroy and Governor General in Council having had under consideration the Reports of the several Governments and Local Administrations of India on the subject of the establishment of a system of Tolls on all Imperial Roads for the purpose of defraying the expense of repairs, has directed that the Resolution of the Government of India on the subject shall be published for general information.

2. Although the abstract justice of the levy of Tolls as a means of raising Funds for the maintenance of Roads is generally admitted, the imposition of Tolls on Roads passing through an open Country is in most cases felt to be vexatious, and is always to some extent repressive of Traffic. Moreover, the same amount of money can usually be raised more easily, at a much smaller cost for collection, and with less inconvenience to the Public, in the general system of taxation. It has therefore been determined not to depend on Tolls as the source of Funds for the ordinary maintenance of Imperial Roads along the great Trunk Lines of Traffic, but to provide for the necessary outlay from the General Revenue.

3. Tolls will, however, continue to be levied under Act VIII. of 1851, when required as a means of making, or of keeping in repair a Road of merely local importance, or in cases where extraordinary natural obstacles have been overcome, as in the Roads over the Western Ghâts, in the Himalaya, and in other rugged Hilly Tracts.

4. Tolls will also continue to be taken where a heavy annual outlay is incurred for temporary Works, for Boat Bridges requiring periodical renewal, or for Ferries at River crossings on Imperial Roads.

5. In such cases the Tolls are generally cheerfully paid, and are not felt to be oppressive.

6. But no Tolls will be levied on Imperial Roads passing through the open Country, nor on permanent Bridges on such Roads; so that the unobstructed benefit of these Works may be open to the Public.

7. The levy of Tolls beyond what is permitted by this Resolution will cease after the 30th September 1860.

Each Tenderer will receive in lieu of such Deposit a Receipt for the amount signed by the Secretary and Treasurer of the Bank of Bengal, which will not be transferable. The Receipts for such Deposits, as may be in Cheques, will not be granted until the amount of the Cheques shall have been realized.

3. To compensate the Bank for the additional risk, cost and trouble arising out of this arrangement, the Tenderers will be charged by the Bank one-eighth per Cent. or two annas per 100 Rupees, which must be paid at the time of making the Deposit.

4. Tenders must be for even quantities of not less than 100 Maunds, and will be received by the Secretary of the Board of Revenue, between the hours of 1 and 2, from Tuesday the 24th instant, till Saturday the 28th instant, both days inclusive.

6. The Tenderer will present to the Secretary of the Board of Revenue, with the Bank Receipt, his Tender or Tenders for the Salt or Salts he wishes to purchase.

7. After the last day appointed for the Receipt of Tenders, the Salt will be allotted. Should the total quantity of any description of Salt tendered for exceed the available Store, a rateable deduction will be made from the quantity specified in each Tender, and the balance of Deposit will be returned, payable by the Bank of Bengal upon Cheques signed by the Secretary to the Board of Revenue.

8. Should any of the Salt now advertised not be tendered for within the time allowed, the same will, without further notice, become available to the Public on application in the regular course.

BENGAL CIVIL FUND.

At a Half-yearly General Meeting of Subscribers to the Bengal Civil Fund held on Wednesday, the 25th July 1860.

PRESENT:—Messrs. H. B. Harington, Hon'ble E. Drummond, G. Loch, W. Grey, S. Wauchope, W. S. Seton-Karr, H. D. Sandeman, Lord H. Ulick Browne, Hon'ble A. Eden, W. Waterfield, H. T. Prinsep, and A. T. Maclean.

H. B. HARINGTON, ESQ., *in the Chair.*

READ the following Report submitted by the Managers :—

"The Managers submit their Proceedings of the past Half-year, for the consideration and sanction of the Meeting.

"Subject to the approval of the Subscribers they have admitted to the benefits of the Fund the following families :—

Mrs. Limond	£ 300
Less 1-6th	„ 50
	£ 250
Mrs. Campbell	£ 300
Four Children	„ 360
	£ 660
Mrs. Spencer's son	£ 30

"The Widow of Mr. Campbell Limond, who died on board the Steamer *India* on the 1st December 1859.

"The Widow and four Children (two Sons and two Daughters) of the late Mr. J. G. Campbell, who died in France on the 18th November 1859.

"The Son of the late Mr. W. C. Spencer, who died in Calcutta on the 23rd January 1859.

"The Widow of the late Captain D. A. Chase. Mrs. Chase was formerly an incumbent on fuls allowance from the Fund as the Widow of Mr. James William Muir, and has been re-admitted under the *old* rulel from the date of demise of her late husband, *viz.* 6th April 1860, provisionally, pending receipt of papers. This Lady's original incumbency lasted from 8th June 1839 to the 19th February 1846, when she was married to Captain Chase, and ceased to be an incumbent on the Fund.

Mrs. Chase (formerly Muir)	£ 300

"The Managers beg to lay before the Meeting an application from Mrs. J. S. Torrens for admission to the benefits of the Fund. Mr. J. S. Torrens died in London on the 2nd ultimo, without paying a fine of Rupees 2,094, which he had incurred under the new Rule imposing fines on unequal Marriages. The Managers propose, with the concurrence of the Meeting, to admit Mrs. Torrens to the benefits of the Fund on the payment of the fine, with interest at 8 per cent. per annum.

Mrs Torrens	£ 300

"The votes of the Subscribers have affirmed the Resolution of the last General Meeting, allowing an increase to Mrs. C. Smith's Pension, with retrospective effect from the 2nd January 1854, and the Agents of the Fund have been requested to adjust that Lady's allowances accordingly.

For the Resolution.—That Mrs. Smith be assigned a Pension of £ 223 instead of £ 82 with restrospective effect from 1854, on the understanding that further adjustment of her Pension will take place in 1860, when the final distribution of the property of the family will take place ...	... 98 votes.
Against it	... 2 „

"The Managers beg to lay before the Meeting a letter from eleven Subscribers in England protesting against the new Rule imposing fines on unequal Marriages, and requesting that it might be cancelled in consequence of the non-observance of certain formalities in connection with the introduction and passing of the Rule. It will be perceived from the reply of the Managers that as the requirements of the Rule had been carried out in all essential points, they considered it unnecessary to trouble the Subscribers with a second reference in consequence of informalities of no real importance."

Proposed by Mr. Eden, seconded by Mr. Prinsep, and carried unanimously, that the admission by the Managers of the Families of Messrs. C. Limond, J. G. Campbell, W. C. Spencer, and Captain D. A. Chase be confirmed.

On the proposal of the Managers to admit Mrs. J. S. Torrens to the benefits of the Fund on the payment of the fine, with the usual rate of interest on arrears, *viz.* 8 per Cent. Mr Eden moved an amendment that "under the peculiar circumstances of Mr. Torrens having protested against the Rule imposing a fine on unequal Marriages, Mrs. Torrens be admitted to the benefits of the Fund on the payment of the fine *without* interest."

The Hon'ble Mr. Eden alone voted for the amendment, and the proposal of the Managers was agreed to by the Meeting.

The Meeting approved of the reply of the Managers to the protest of the eleven Subscribers in England, but expressed a strong opinion as to the necessity of adhering strictly to the formalities inculcated by the rules for the future. It was resolved that the correspondence should be circulated to the Subscribers to the Fund with the Proceedings of the present Meeting.

On the Honorary Secretary's representation that Mr. J. A. Crawford, one of the Managers, had left the Country, and was not likely to return during the current year, Mr. R. Temple was elected a Manager under Article 24.

A vote of thanks was passed to the Chairman.

H. B. HARINGTON,
Chairman.

Notice.

As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director-General of the Post Office desires to intimate to the Public that he has authorized the Post-Master of Bombay to despatch by the Express, Letters received by the Steamer addressed to persons who may have stated in writing their wish to have their Letters so forwarded, and who have engaged to pay the Express Postage of one Rupee for every quarter of an Ounce.

If, therefore, any persons desire that their Overland Letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post-Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that Letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional Letters being despatched.

XIII. *First.*—Deeds, Instruments, and Writings executed on unstamped or insufficiently Stamped paper from accident, ignorance, inadvertence, mistake, or from other unavoidable cause, may be impressed with the requisite Stamp or Stamps, on application being made to the Collector of Stamp Revenue after payment of so much as will make up the proper amount of Stamp Duty, and the penalties hereinunder stated, or such mitigated penalty as the local Government or any Board or Officer, authorized by the local Government may prescribe. Provided always that the payment of such penalty shall exempt the person making the same from any other penalty provided by this Act for such neglect or omission, and that if any such other penalty shall already have been imposed, then the same shall be taken as far as it goes in reduction of any penalty arising under this Section.

The Court shall at the end of every month make a return to the Collector of the Stamp Revenue of the District, of the monies (if any) which it has so received, distinguishing between the monies received by way of penalty and those received by way of Duty, stating the number and title of the suit and the name of the party from whom such monies were received, and the date, if any, and description of the document, for the purpose of identifying the same, and the Court shall pay over the said monies to such Collector or to such person as he may appoint to receive the same. And such Collector or other proper authority shall, upon the production of the Deed, Instrument, or Writing, with the endorsement hereinbefore mentioned, cause it to be Stamped thereon with a Stamp of the amount paid into Court on account of such Duty. All the provisions hereinbefore contained as to the mitigation or payment of penalties paid to the Collector shall be applicable to penalties paid into Court.

Procedure on payment under preceding Clause.

Sixth.—No Deed, Instrument, or Writing executed on unstamped or insufficiently Stamped paper shall be Stamped at any time after the execution thereof, except as aforesaid.

Notice.

As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director-General of the Post Office desires to intimate to the Public that he has authorized the Post-Master of Bombay to despatch by the Express, Letters received by the Steamer addressed to persons who may have stated in writing their wish to have their Letters so forwarded, and who have engaged to pay the Express Postage of one Rupee for every quarter of an Ounce.

If, therefore, any persons desire that their Overland Letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post-Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that Letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional Letters being despatched.

As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director-General of the Post Office desires to intimate to the Public that he has authorized the Post-Master of Bombay to despatch by the Express, Letters received by the Steamer addressed to persons who may have stated in writing their wish to have their Letters so forwarded, and who have engaged to pay the Express Postage of one Rupee for every quarter of an Ounce.

If, therefore, any persons desire that their Overland Letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post-Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that Letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional Letters being despatched.

OFFICE OF THE DIRECTOR-GENERAL OF THE POST OFFICE IN INDIA,
January 1st, 1859.

THE following Conditions are to be observed in sending Book-Packets by Post:—

1*st*.—The Postage must be pre-paid in full, by means of Postage Stamps affixed outside the Packet on its cover.

2*nd*.—Every Packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination.

3*rd*.—The Packet may contain any number of separate books or other publications, prints or maps, and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

4*th*.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5*th*.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6*th*.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7*th*.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb, the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8*th*.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9*th*.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10*th*.—The Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11*th*.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage,) through a Foreign Country.

Special Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2*nd*.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3*rd*.—Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4*th*.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

There is only one delivery of letters at the General Post Office on Sundays, and Banghy Parcels are neither received nor despatched on that day.

Letters and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps:—

	Rs.	As.	Pie.
Letters not exceeding ½ oz. in weight	0	4	0
Ditto exceeding ½ oz. but not exceeding 1 oz.	0	8	0

And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.

Newspapers not exceeding 4 oz. in weight, 1*d*. or 8 pie must be pre-paid by Stamp, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

Notice.

The following is an Extract of an Order of the Government of India, No. 884 of the 13th July 1855:—

"No Public Officer is authorized to send Covers on the Public Service by Post, without payment of Postage, unless he is at the time on active duty and in charge of the Office by virtue of which the privilege is enjoyed. All letters superscribed as 'on the Public Service only' must, even though the Postage thereon be not paid, be received and opened by the Officer to whom they are addressed, but if any such, or partially paid letter so superscribed, and addressed to any Officer except a Secretary to Government be found when opened, to relate to the private affairs of the Sender, the Postage will be debited to him and he will be further liable to be dealt with under Section XLVII., Act No. XVII. of 1854.

His Honor in Council further directs that unpaid or insufficiently paid letters addressed to any such Officer or Department and not superscribed "on the Public Service only" be refused, or if opened that it be at the risk and cost of the opener."

Letters arriving at the Presidency Towns by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 P. M. are detained till the following morning, but parties who have registered their names under the usual fee are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

Forward Newspapers.—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

MAILS for Akyab, Rangoon, and Moulmein are made up on the 1st and 17th of each month, for transmission by the Contract Steamers or by Government Vessels, which sail on the morning of the 2nd and 18th, unless the Contractors choose to postpone the departure for 48 hours, of which they have the power on making a requisition.

Notification.

CIVIL AUDIT OFFICE,
Fort William, the 11th August 1860.

THE attention of all Heads of Offices is particularly invited to the following Orders issued by Mr. Civil Auditor Wynch in 1831 and 1832.

Both these Orders have of late years fallen into disuse, but it is considered advisable that they shall be fully acted up to for the future.

HUGH SANDEMAN,
Offg. Civil Auditor.

Notification.

CIVIL AUDITOR'S OFFICE,
Fort William, the 7th July 1831.

THE practice of sending Separate Bills for audit to this Office, in cases where the same ought, under existing Rules, to be incorporated in the regular Monthly Abstracts of fixed Establishments, being productive of great inconvenience (no less to the Audit Office than to the Officers themselves), notice is hereby given, that the audit of Separate Bills will henceforward be limited to cases where Salaries may be made payable at Treasuries other than those within the District to which the Abstracts may belong. The Public Officers of Government, in the several Departments, will therefore be pleased to include all Salaries not thus separable, in one Monthly Abstract, recording therein any special reasons which may sometimes occur for deviations from this Notification.

Separate Bills sent for audit in contravention of the same, will be returned unaudited.

(Signed) P. WYNCH,
Civil Auditor.

CIRCULAR.

To

SIR,

WITH reference to my Notification of the 7th July last (published in the *Government Gazette* of that date and subsequently), directing the discontinuance of the practise of transmitting *Separate Bills* for audit on account of charges that ought, under existing Rules, to be incorporated in the Bills or Abstracts of *Fixed Establishments*, I beg leave to state that similar inconvenience is occasioned by the transmission of *Separate Bills* for audit of *Extra* Allowances and *Contingent* Charges. These should invariably be included under their proper heads of account in the *Regular Quarterly Contingent Bills*, borne upon their respective Vouchers and Authorities.

2. I therefore request your attention to this suggestion in the future transmission of the Contingent Bills of your Office.

I have the honor to be,
SIR,
Your obedient Servant,
(Signed) P. M. WYNCH,
Civil Auditor.

No. 56.

INDIA OFFICE,
London, 6th July 1860.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR OF INDIA IN COUNCIL.

Political.

MY LORD,

THE several letters noted in the margin relate to Your Excellency's progress through the Punjab and the Durbars held by you in that Province.

G. G. Foreign	23rd February,	No.	17A,	1860.
„	27th „	„	18,	„
„	12th March,	„	25,	„
„	29th „	„	32,	„

2. The loyalty which on these occasions was manifested by the assembled Chiefs towards Your Excellency in person, and through you, towards Her Majesty the Queen, is a source of much gratification to Her Majesty's Government.

3. At Sealkote Your Excellency received the Maharajah of Cashmere and afterwars visited him in his own Encampment, where, after again thanking him for the Services that he had rendered to the Armies of Her Majesty, you informed him in his own Durbar, that it was the sincere desire of Her Majesty's Government that his Illustrious House might be perpetuated by lineal descent, but that in the event of any failure of direct Heirs, His Highness might rely upon a willing recognition by the British Government of an Heir adopted into his House according to its usage and traditions. This announcement, the tenor of which is entirely in accordance with the views of Her Majesty's Government, was received by the Maharajah with feelings of grateful satisfaction, and I learn with pleasure, from the letter of the Lieutenant-Governor, enclosed in your Despatch of the 29th of March, that "he considers great and he trusts lasting benefits have accrued to the Punjab" from the visits of Your Excellency.

4. With your visits to these remote Stations, and the several Durbars which you held there, you brought to a close your receptions of the Princes and Chiefs of India. I am commanded by the Queen to express Her Majesty's satisfaction that Your Excellency's progress has elicited everywhere expressions of loyalty to the British Throne, and that you have neglected no opportunity of strengthening, by offices of friendship and assurances of good will, the alliances of the principal Native States of India, to whose good Services we owe, under Providence, so much of our recent success, and whose confidence in our justice and moderation must ever be one of the main pillars of our strength.

I have, &c.,

(Sd.) C. WOOD.

CIRCULAR.

FROM HUGH D. SANDEMAN, ESQ.,
Officiating Civil Auditor,

TO THE OF

Dated Fort William, 6th August 1860.

SIR,

IN order to save delay in auditing Pay Abstracts and Salary Bills in my Office, I request that you will enter immediately after the Column showing amount of Salaries, an additional one for the exhibition of sums payable by each individual on account of Income Tax.

I have the honor to be,

SIR,

Your most obedient Servant,

HUGH SANDEMAN,
Offg. Civil Auditor.

Notification.

Fort William, 15th August 1860.

THE undersigned proposes in future to publish his Circular instructions in the Columns of the *Government Gazette*, and to discontinue the present system of serving individual Circulars upon Heads of Offices. He therefore requests that any instructions appearing in the *Government Gazette* from the Civil Audit Office may be acted upon by Heads of Offices, as though they had individually received such instructions.

HUGH SANDEMAN,
Offg. Civil Auditor.

Fort William, 15*th August* 1860.

In continuation of his Circular of the 6th instant, the undersigned requests that all Civil Officers will be good enough to submit their Monthly Pay Abstracts for audit in the following Form, with the amounts of Income Tax leviable, from each individual, properly filled in :—

HUGH SANDEMAN,

Notification.

CIVIL AUDIT OFFICE,
Fort William, the 11*th August* 1860.

THE attention of all Heads of Offices is particularly invited to the following Orders issued by Mr. Civil Auditor Wynch in 1831 and 1832.

Both these Orders have of late years fallen into disuse, but it is considered advisable that they shall be fully acted up to for the future.

HUGH SANDEMAN,
Offg. Civil Auditor.

Notification.

CIVIL AUDITOR'S OFFICE,
Fort William, the 7*th July* 1831.

THE practice of sending separate Bills for audit to this Office, in cases where the same ought, under existing Rules, to be incorporated in the regular Monthly Abstracts of fixed Establishments, being productive of great inconvenience (no less to the Audit Office than to the Officers themselves), notice is hereby given, that the audit of separate Bills will henceforward be limited to cases where Salaries may be made payable at Treasuries other than those within the District to which the Abstracts may belong. The Public Officers of Government, in the several Departments, will therefore be pleased to include all Salaries not thus separable, in one Monthly Abstract, recording therein any special reasons which may sometimes occur for deviations from this Notification.

Separate Bills sent for audit in contravention of the same, will be returned unaudited.

(Signed) P. WYNCH,
Civil Auditor.

CIRCULAR.

To

SIR,

WITH reference to my Notification of the 7th July last (published in the *Government Gazette* of that date and subsequently), directing the discontinuance of the practise of transmitting *separate Bills* for audit on account of charges that ought, under existing Rules, to be incorporated in the Bills or Abstracts of *Fixed Establishments*, I beg leave to state that similar inconvenience is occasioned by the transmission of *separate Bills* for audit of *Extra* Allowances and *Contingent* Charges. These should invariably be included under their proper heads of account in the *Regular Quarterly Contingent Bills*, borne upon their respective Vouchers and Authorities.

2. I therefore request your attention to this suggestion in the future transmission of the Contingent Bills of your Office.

I have the honor to be,
SIR,
Your obedient Servant,

Civil Auditor.

CIRCULAR.

From Hugh D. Sandeman, Esq.,
Officiating Civil Auditor,

To the of

Dated Fort William, 6th August 1860.

Sir,

In order to save delay in auditing Pay Abstracts and Salary Bills in my Office, I request that you will enter immediately after the Column showing amount of Salaries, an additional one for the exhibition of sums payable by each individual on account of Income Tax.

2. In all cases where exemptions are claimable on account of payments to Funds, the calculation of Income Tax should be made on the *net* receipts.

I have the honor to be,

Sir,

Your most obedient Servant,

Hugh Sandeman,
Offg. Civil Auditor.

Notification.

Civil Audit Office,

Fort William, the 11th August 1860.

The attention of all Heads of Offices is particularly invited to the following Orders issued by Mr. Civil Auditor Wynch in 1831 and 1832.

Both these Orders have of late years fallen into disuse, but it is considered advisable that they shall be fully acted up to for the future.

Hugh Sandeman,
Offg. Civil Auditor.

Notification.

Civil Auditor's Office,

Fort William, the 7th July 1831.

The practice of sending separate Bills for audit to this Office, in cases where the same ought, under existing Rules, to be incorporated in the regular Monthly Abstracts of fixed Establishments, being productive of great inconvenience (no less to the Audit Office than to the Officers themselves), notice is hereby given, that the audit of separate Bills will henceforward be limited to cases where Salaries may be made payable at Treasuries other than those within the District to which the Abstracts may belong. The Public Officers of Government, in the several Departments, will therefore be pleased to include all Salaries not thus separable, in one Monthly Abstract, recording therein any special reasons which may sometimes occur for deviations from this Notification.

Separate Bills sent for audit in contravention of the same, will be returned unaudited.

(Signed) P. Wynch,
Civil Auditor.

CIRCULAR.

To

Sir,

With reference to my Notification of the 7th July last (published in the *Government Gazette* of that date and subsequently), directing the discontinuance of the practise of transmitting *separate Bills* for audition account of charges that ought, under existing Rules, to be incorporated in the Bills or Abstracts of *Fixed Establishments*, I beg leave to state that similar inconvenience is occasioned by the transmission of *separate Bills* for audit of *Extra* Allowances and *Contingent* Charges. These should invariably be included under their proper heads of account in the *Regular Quarterly Contingent Bills*, borne upon their respective Vouchers and Authorities.

2. I therefore request your attention to this suggestion in the future transmission of the Contingent Bills of your Office.

I have the honor to be,

Sir,

Your obedient Servant,

(Signed) P. M. Wynch,
Civil Auditor.

Hugh Sandeman,

Notification.

Fort William, 15*th August* 1860.

The undersigned proposes in future to publish his Circular instructions in the Columns of the *Government Gazette*, and to discontinue the present system of serving individual Circulars upon Heads of Offices. A Bill for the preservation of property recovered from Wrecked Boats.

Preamble.

WHEREAS it is expedient to make provision for the preservation of property wrecked in boats on the shores of seas and rivers in British India; It is enacted as follows:—

Appointment of Receivers of Wreck.

I. It shall be lawful for the local Government to appoint or require the Magistrate of any District to appoint one or more Receivers of Wreck in such District, and any Receiver so appointed shall be guided by such instructions, not contrary to any of the provisions of this Act, as the Magistrate, with the sanction of the local Government, may issue to give better effect to the same.

Duty of Receiver when any boat is in distress or stranded.

II. When any boat is in distress or stranded or sunk on the shore of the sea or on or near the bank of any tidal or inland river in British India, the Receiver of Wreck shall proceed to the place where the accident occurred, and unless the person in charge of the boat shall decline his assistance, he shall require all persons present, and others whom he may summon, to assist in preserving the boat, the lives of the crew, and the cargo, and any articles belonging to the boat. The Receiver, if unable to act as herein provided, may, by an order in writing, depute any other person to exercise the authority by this Act in him vested.

Penalty for any person refusing to assist on the requisition of the Receiver.

III. Any person who without reasonable cause shall refuse to comply with the requisition of the Receiver of Wreck or of the person deputed by him, and render such assistance as he is capable of rendering, shall be liable to a fine not exceeding twenty Rupees.

Receiver to make certain enquiries, &c.

IV. The Receiver of Wreck shall, if possible, ascertain the place of departure and destination of the boat, the name of the owner or nearest Agent, and the name of the person in charge, and he shall also record the condition in which he found the boat, the services rendered, and such other circumstances relating to the preservation of the boat or cargo as he may think necessary.

Procedure in places where no Receiver is appointed.

V. In places where no Receiver of Wreck shall be appointed, or where the Receiver or the person deputed by him shall be unable to attend as above required, if any persons assist in the preservation of any portion of a boat or of the cargo or any article belonging to the boat, the persons so assisting or one of them shall be bound to prepare an inventory of the property recovered, and furnish a copy of the same to the Receiver of Wreck or to the nearest Police Officer; and any person as

aforesaid who shall without good cause fail to comply with the provisions of this Section shall be liable to a fine of twenty Rupees.

Disposal of recovered wreck.

VI. All recovered wreck or the value thereof if sold, excepting such portion thereof as may be awarded as salvage under Section XII of this Act, shall be held on behalf of the owner, or if not claimed by the owner within one year from the recovery of the same, shall be at the disposal of the Government.

All articles washed ashore or otherwise recovered, to be delivered to Receiver.

VII. All cargo and other articles belonging to a wrecked boat that may be washed ashore or otherwise recovered, shall be delivered to the Receiver of Wreck of the place where the cargo or articles aforesaid may be found, or to any party authorized by the Magistrate or the Receiver of Wreck to receive the same; and any person finding such wreck, not being the owner thereof, who shall not deliver the wreck so found to such Receiver or other party, shall be liable to pay double the value of the wreck so kept, and to a penalty not exceeding one hundred Rupees. He shall also forfeit all claims to salvage.

VIII. Upon the receipt of credible information that any property recovered as aforesaid is secreted or in the possession of some person who is not the owner thereof or is otherwise improperly dealt with, the Magistrate or the Head Officer of a Police Station in whose jurisdiction such person is found, may grant a warrant to search for any such property, and to seize and detain the same for the purpose of being disposed of as provided in this Act.

Penalty for wrongful removal.

IX. Any person who wrongfully removes from any boat that may be in distress, stranded, or sunk, any part thereof, or any part of the cargo or other articles belonging thereto, and any person who knowingly secretes any articles removed as aforesaid shall, in addition to any punishment to which he may be subject for any offence committed by him, be liable to pay double the value thereof, and to a penalty not exceeding two hundred Rupees.

Penalty for obstructing the saving of wrecked boat or property.

X. Any person who endeavors to impede or hinder the saving of any such boat, or of any part of the cargo, or any article belonging thereto, shall be liable to a penalty not exceeding two hundred Rupees.

In case of plunder by a tumultuous assemblage, full compensation to be made by the inhabitants of the village where the offenders reside.

XI. When any boat, cargo, or article as aforesaid shall be plundered, damaged, or destroyed by any persons riotously and tumultuously assembled, full compensation may be awarded to the owner of the property, to be paid by the inhabitants of the village or place in which the offenders reside, in such shares and in such manner as the Magistrate may direct. In any case in which the sum so awarded amounts to two hundred Rupees, an appeal shall lie to the Session Judge.

Salvage.

XII. Salvage of recovered wreck may be awarded by the Magistrate in an amount not exceeding one-fourth of the value of the property recovered; but if in any case one fourth share appear to the Magistrate inadequate to the services of the Salvor, the Magistrate may refer the case to the Session Judge, and any orders made by the Session Judge thereupon shall be conclusive.

Apportionment of salvage.

XIII. The salvage awarded to be paid shall be divided among the Salvors in such manner as the Magistrate may direct; and unless the owner of the recovered wreck shall pay the value of the share awarded within a time to be fixed by the Magistrate, the Magistrate shall cause such share to be sold to realize the value thereof.

Receiver to arrange for the custody or sale of wrecked property.

XIV. The Receiver of Wreck shall make arrangements for the safe custody and preservation of wrecked property, and any portion that may be of small value or of a perishable nature, or too bulky to be conveniently removed, may be sold without delay under the instruction of the Magistrate.

Remuneration of Receiver.

XV. Any Receiver of Wreck appointed under this Act may, for the performance of the duties assigned to him, be remunerated by such share of the salvage payable on account of recovered property as the Magistrate shall fix, or by such fees or salary, chargeable to the proceeds of unclaimed property, as the Magistrate, with the sanction of the local Government, shall allow.

Jurisdiction.

XVI. All penalties or forfeitures incurred by this Act shall be adjudged by the Magistrate or other Officer exercising the full powers of Magistrate, and all orders so made shall be final, except as provided in Section XI. All penalties imposed by such Magistrate or other Officer may, in case of non-payment thereof, be levied by distress and sale of the goods and chattels of the offender by warrant under the hand of such Magistrate or other Officer.

Recovery of penalties.

Apprehension of offender in case of non-payment of penalties.

XVII. In case any such penalties shall not be forthwith paid, any such Officer may order the offender to be apprehended and detained in safe custody until the return can be conveniently made to such warrant of distress, unless the offender shall give security to the satisfaction of such Officer for his appearance at such place and time as shall be appointed for the return of the warrant of distress.

Imprisonment of offenders other than European British subjects, if distress not sufficient.

XVIII. If upon the return of such warrant it shall appear that no sufficient distress can be had whereon to levy such penalty and the same shall not be forthwith paid, or in case it shall appear to the satisfaction of such Officer, by the confession of the offender or otherwise, that he has not sufficient goods and chattels whereupon

such penalty could be levied if a warrant of distress were issued, any such Officer may, by warrant under his hand, commit the offender, provided he is not a European British subject, to prison, there to be imprisoned, according to the discretion of such Officer, for any term not exceeding two calendar months when the amount of penalty shall not exceed fifty Rupees, and for any term not exceeding four calendar months when the amount shall not exceed one hundred Rupees, and for any term not exceeding six calendar months in any other case, the commitment to be determinable in each of the cases aforesaid on payment of the amount.

Procedure if offender be a European British subject.

XIX. If the offender shall be a European British subject, the Magistrate shall record the facts and transmit such record to the District Court of the District wherein the offender is convicted, and the amount of the penalty and the costs (if any) shall be levied in the manner provided for the execution of decrees of the Civil Court.

Assessments already made, declared valid.

V. Every assessment heretofore made by any of the said Ex-officio Assessors of any of the Duties in the last preceding Section mentioned, and which would have been

The Receiver, if unable to act as herein provided, may, by an order in writing, depute any other person to exercise the authority by this Act in him vested.

XI. When any boat, cargo, or article as aforesaid shall be plundered, damaged, or destroyed by any persons riotously and tumultuously assembled, full compensation may be awarded to the owner of the property, to be paid by the inhabitants of the village or place in which the offenders reside, in such shares and in such manner as the Magistrate may direct. In any case in which the sum so awarded amounts to two hundred Rupees, an appeal shall lie to the Session Judge.

Remuneration of Receivers.

XV. Any Receiver of Wreck appointed under this Act may, for the performance of the duties assigned to him, be remunerated by such share of the salvage payable on account of recovered property as the Magistrate shall fix, or by such fees or salary, chargeable to the proceeds of unclaimed property, as the Magistrate, with the sanction of the local Government, shall allow.

Jurisdiction.

XVI. All penalties or forfeitures incurred by this Act shall be adjudged by the Magistrate or other Officer exercising the full powers of Magistrate, and all orders so made shall be final, except as provided in Section XI. All penalties imposed by such Magistrate or other Officer may, in case of non-payment thereof, be levied by distress and sale of the goods and chattels of the offender by warrant under the hand of such Magistrate or other Officer.

Recovery of penalties.

Apprehension of offender in case of non-payment of penalties.

XVII. In case any such penalties shall not be forthwith paid, any such Officer may order the offender to be apprehended and detained in safe custody until the return can be conveniently made to such warrant of distress, unless the offender shall give security to the satisfaction of such Officer for his appearance at such place and time as shall be appointed for the return of the warrant of distress.

Imprisonment of offenders other than European British subjects, if distress not sufficient.

XVIII. If upon the return of such warrant it shall appear that no sufficient distress can be had whereon to levy such penalty and the same shall not be forthwith paid, or in case it shall appear to the satisfaction of such Officer, by the confession of the offender or otherwise, that he has not sufficient goods and chattels whereupon

such penalty could be levied if a warrant of distress were issued, any such Officer may, by warrant under his hand, commit the offender, provided he is not a European British subject, to prison, there to be imprisoned, according to the discretion of such Officer, for any term not exceeding two calendar months when the amount of penalty shall not exceed fifty Rupees, and for any term not exceeding four calendar months when the amount shall not exceed one hundred Rupees, and for any term not exceeding six calendar months in any other case, the commitment to be determinable in each of the cases aforesaid on payment of the amount.

Procedure if offender be a European British subject.

XIX. If the offender shall be a European British subject, the Magistrate shall record the facts and transmit such record to the District Court of the District wherein the offender is convicted, and the amount of the penalty and the costs (if any) shall be levied in the manner provided for the execution of decrees of the Civil Court.

In order to maintain the closest possible correspondence between the Estimates and actual Accounts furnished to the Government of India by the Accountant of these Provinces, it is essential that all Bills for salaries, establishments, and contingent charges, temporary establisments, and Section Writers' earnings, should, as a rule, be forwarded for audit immediately after the close of the month to which they appertain; and it is especially necessary that all such Bills up to the 31st of March be forwarded for audit in time to admit of their being audited and charged in April following, so that they may appear in the Accounts of the year to which they belong.

All Officers are accordingly enjoined in future to submit for audit their Contingent Bills for the month of March of each year, together with their Bills for fixed salaries and allowances and establishments on the 1st April, as soon after as possible, and the Civil Auditor is hereby authorized to withhold audit of the latter until the receipt of the former.

Monthly Stipendiaries are directed to appear and receive their Pensions before the 15th of the month. After that date no Pensions will be paid till the next month.

The co-operation of all attesting, countersigning, and auditing Officers in these Provinces is required in these measures.

The following Resolution by the Hon'ble the Lieutenant-Governor is published for general information :—

No. 900A.

The 9th August 1860.

Resolution.—It has been brought to the notice of the Lieutenant-Governor that the Rule prescribed in the Circular from this Office, No. 105, dated 21st February 1859, that all enclosures should be submitted in copy, has been productive of inconvenience, and in some instances of additional expense.

2. The Lieutenant-Governor has therefore resolved that the following Rules shall be observed in the conduct of all official correspondence with this Office.

3. As a general rule, except in cases of great importance, or when the communication is a personal defence, or relating to the personal defence of a Subordinate, *enclosures should not be submitted at all.*

4. Henceforward it will be expected of all Officers or Departments addressing Government to state the subject of their application, and all facts necessary to be known, or arguments proper to be weighed for its due consideration, clearly and in full in their letters. Their communications will be required to be complete in themselves, and to set forth all the information that has been furnished to the writers on the subject, all that has been urged by Subordinate Officers; every point, in fact, necessary to the perfect understanding of the case, so that the Lieutenant-Governor may have it thoroughly before him in one paper, which alone need be recorded, and on which orders can be passed without reference to other papers.

5. Whenever it may be deemed necessary to submit enclosures for the right understanding of a case, they should be furnished in original. They will be returned when no longer required, and will not ordinarily be brought on record. But it is especially to be borne in mind that all that is important in them, or necessary for the full exposition of the subject, must be stated in the letter which they accompany.

6. Each enclosure should be put up within a separate docket, to be prepared in the form annexed. Each docket should be numbered in the order of the correspondence which may have passed; and if any enclosure be cited in the letter which it accompanies, the number of the enclosure must be noted in the margin.

7. A complete list of the enclosures, noting their numbers and subjects, should be inserted at the foot of the letter of reference which they accompany.

8. Letters reporting on petitions, and other applications of various kinds, must of course be accompanied by the petition or application under report; but the report is to contain a full summary of the transmitted paper, the substance of the request preferred, and the circumstances and arguments adduced in support of it, so that the paper itself will not have to be brought on record.

9. In all cases of a trivial and unimportant character, such as application for temporary or privilege leave, communications relating to ordinary contingent charges and the like, in which a suggestion or recommendation can be conveyed in a few words, the original communication from the first Officer should be forwarded through the usual channels to the Government, who will return it with the orders written upon it. Intermediate authorities, through whom the communication may have to pass before it reaches the Government, should simply record upon it, in the form of a memorandum their acquiescence or dissent, with a brief statement of the grounds, in the latter case; or forward it merely for information, when no expression of opinion is thought to be called for. No record should be kept in any Office of such cases as these—other than an *abstract* entry in a register.

10. When a Controlling Office, as the Court of Sudder Adawlut, or the Board of Revenue, has to submit the views of the various Officers subordinate to it on a general question, the report should be accompanied by a precis containing the substance of the replies. The precis will, when necessary, be recorded, and the reports returned, unless in the judgment of the Lieutenant-Governor any should be of sufficient importance or value to be brought on the proceedings of the Government in *extenso*.

11. When the subject may be one on which reference will have to be made to other Officers, besides the Officer or the Department by whom it is to be immediately brought before Government, such reference should be made direct by the latter Officer or Department, and the result embodied in the report to be submitted by the latter. Thus, if the Court of Sudder Adawlut has to address Government on a question partaking of a Revenue character, on which the opinion of the Board of Revenue would be desirable, the Sudder Court should ascertain the views of the Board, and state them in its address to the Government. The Board of Revenue should act similarly in respect of any question regarding which it may be advisable to consult the Sudder Court. It should, in fine, be the study of all Officers who may have occasion to address the Government to lay the subject before it complete in all its bearings, and in a state to admit of immediate decision.

12. As a minor point, but one nevertheless deserving of consideration, the Lieutenant-Governor further desires that all Officers who may correspond with Government will give attention to the way in which their letters are copied. They should be written in a clear, bold hand, without erasure, in dark-colored ink, and properly punctuated, so that they may be in a state fit to be put at once into the Printers' hands.

13. His Honor relies upon the above orders, which are based upon communications received from the Government of India for guidance, being carefully complied with; and it will henceforth be a standing rule that all letters which do not conform to these requirements will be returned for revision.

Secy. to Govt., N. W. P.

HOME DEPARTMENT.

No. 1628.

Fort William, the 31st August 1860.

Notification.—The following Despatch, No. 36 of 1860, dated the 24th July, from the Right Hon'ble the Secretary of State for India, is published for general information:—

INDIA OFFICE,
London, 24th July 1860.

REVENUE,
No. 36.

To HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,

1. In your letter of the 2nd April last, (No. 6), you have referred, for the consideration and orders of Her Majesty's Government, "the general question of Government Servants holding lands in India."

2. In the opinion of the Governor General, in which all the other Members of your Government concur, "it would be quite sufficient to rule, as regards Military Officers, that they might acquire and hold lands anywhere, unless, as in the case of Government Grants, residence be made a condition of ownership; but that they should not be employed in any Civil situation in which their influence could, on any reasonable supposition, be brought to bear unduly on their own personal interests as landholders. His Excellency is further of opinion that Officers of the Civil Service might be permitted to hold lands anywhere out of their own Presidency."

3. I am very desirous that all due encouragement should be given to the settlement of Europeans as landed Proprietors in India, but, as regards Officers in the Public Service, whether Civil or Military, I am of opinion that it is inexpedient that they should be permitted to engage in pursuits by which their time and attention would be diverted from their proper duties, to which their entire energies should be devoted. I am, therefore, unable to sanction the relaxation of the Rule, recommended by your Government; and I desire that it may be clearly understood that no Officers so long as he remains in the actual service of the Government, can be permitted to acquire and hold lands for agricultural purposes in any part of India. I think it, however, desirable to take this opportunity of withdrawing the prohibition in the Despatch of the 9th May 1838, against the grant of land to any European, unless he shall undertake to reside on it, and cultivate it himself within a specified period, and that it will be sufficient if in all cases the Governor in Council or the Lieutenant-Governor should be satisfied, previously to making the grant, that the applicant has the means and intention of bringing into cultivation the land applied for, without insisting on the condition of actual residence.

I have, &c.,

(Signed) CHARLES WOOD,
Secy. of State for India.

The following Despatch from the Right Honorable the Secretary of State for India is published for general information :—

INDIA OFFICE,
London, 24th July 1860.

FINANCIAL,
No. 113.

To HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,

I HAVE considered in Council paragraphs* 81 and 82 of your letter in this Department, dated the 10th January 1860, No. 5, reporting that, on a reference from the Government of Madras whether Chaplains and Assistant Chaplains stationed at the Presidency were entitled to leave, preparatory to embarkation when proceeding Home on Medical Certificate, and, if so, on what terms, you had decided that in such cases preparatory leave might be granted for a period of fifteen days on full pay.

* *Note in the Financial Department.*

These paras. relate to the Resolution dated 8th April 1859, published in the *Calcutta Gazette* of the 13th idem, page 890.

2. You refer to the Financial Despatch of the Court of Directors to your Government, dated the 15th August 1855, No. 73, wherein it was laid down that no deduction should be made from the allowance of a Chaplain or Assistant Chaplain during the leave granted previous to embarkation.

3. But your Resolution in this Department, dated the 30th January 1857, published in the *Calcutta Gazette* of the 18th February 1857, and ordered to be communicated to the Subordinate Governments, provided that "the preparatory leave of Civil Servants, prior to Furlough on private affairs, during which the Absentee shall be granted a moiety of his salary, shall be governed by the Rules* applicable to similar leave in case of Medical Certificate, and that Officers stationed at the Presidency Towns will be allowed preparatory leave for a period not exceeding one month." These Rules were by the same Resolution extended to Chaplains.

* Clause 6 of the Covenanted Civil Service Absentee Rules.

4. As, under Clause 6 of the Civil Service Absentee Rules, the allowance of the Absentee is limited to half the amount of his salary, except in cases in which the emoluments of his Office do not exceed £500 per annum, in which cases the full salary is allowed, I must decline to sanction the grant to Chaplains of full salary during preparatory leave.

5. You will apprize the Subordinate Governments accordingly.

I have, &c.,

(Signed) C. WOOD,
Secy. of State for India.

By Order of the Right Hon'ble the Governor General in Council,

C. HUGH LUSHINGTON,
Secy. to the Govt. of India.

2*nd*.—Every Packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination.

3*rd*.—The Packet may contain any number of separate books or other publications, prints or maps, and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

4*th*.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5*th*.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6*th*.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7*th*.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb, the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8*th*.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9*th*.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10*th*.—The Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11*th*.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage,) through a Foreign Country.

Special Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2*nd*.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3*rd*.—Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4*th*.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

There is only one delivery of letters at the General Post Office on Sundays, and Banghy Parcels are neither received nor despatched on that day.

Letters and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps:—

	Rs.	As.	Pie.
Letters not exceeding ½ oz. in weight	0	4	0
Ditto exceeding ½ oz. but not exceeding 1 oz.	0	8	0

And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.

Newspapers not exceeding 4 oz. in weight, 1*d*. or 8 pie must be pre-paid by Stamp, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

Notice.

The following is an Extract of an Order of the Government of India, No. 884 of the 13th July 1855:—

"No Public Officer is authorized to send Covers on the Public Service by Post, without payment of Postage, unless he is at the time on active duty and in charge of the Office by virtue of which the privilege is enjoyed. All letters superscribed as 'on the Public Service only' must, even though the Postage thereon be not paid, be received and opened by the Officer to whom they are addressed, but if any such, or partially paid letter so superscribed, and addressed to any Officer except a Secretary to Government be found when opened, to relate to the private affairs of the Sender, the Postage will be debited to him and he will be further liable to be dealt with under Section XLVII., Act No. XVII. of 1854.

His Honor in Council further directs that unpaid or insufficiently paid letters addressed to any such Officer or Department and not superscribed "on the Public Service only" be refused, or if opened that it be at the risk and cost of the opener."

LETTERS arriving at the Presidency Towns by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 P. M. are detained till the following morning, but parties who have registered their names under the usual fee are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

Forward Newspapers.—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

MAILS for Akyab, Rangoon, and Moulmein are made up on the 1st and 17th of each month, for transmission by the Contract Steamers or by Government Vessels, which sail on the morning of the 2nd and 18th, unless the Contractors choose to postpone the departure for 48 hours, of which they have the power on making a requisition.

7. The Proceedings of Committees on being closed are to be made over to Executive Commissariat Officers, who will arrange, direct with the Local Civil Authorities, for the supply of the articles recommended by Committees to complete the quantities which the Soldiers' Gardens may be unable to supply.

LEGISLATIVE COUNCIL OF INDIA.

Fort William, the 8th September 1860.

Notification.—The Hon'ble Sir Charles Robert Mitchell Jackson, Knight, one of the Judges of the Supreme Court of Judicature at Fort William in Bengal, having been appointed by the Right Hon'ble the Governor General to be a Member of the Council of the Governor General of India for making Laws and Regulations, has this day taken the oaths and his seat in the Council.

M. WYLIE,
Clerk of the Council.

THE 1st SEPTEMBER 1860.

THE following Bill, as settled in Committee of the whole Council, was ordered to be published for general information, and to be re-considered after six weeks :—

A Bill for imposing a Duty on Arts, Trades, and Dealings, and to require Dealers in Tobacco to take out a License.

Preamble.

WHEREAS it is expedient to impose a Duty on Arts, Trades, and Dealings, and to require dealers in Tobacco to take out a License; It is enacted as follows :—

Regulations repealed.

I. Section V Regulation I. 1816 of the Madras Code *(for declaring the contributions hitherto paid in the Province of Tanjore on account of the Cavelly Police appropriable to the support of the new Police, established or to be established in that Province; for regulating the collection and assessment of those contributions, and for extending and modifying the house tax, hitherto collected for Police purposes in the Province aforesaid)*, and so much of Clause 1 of Section VI of the said Regulation as requires the Collector of Land Revenue to levy and receive the house tax, Regulation IV. 1818 of the same Code *(prescribing Rules for the assessment and collection of the Veesabuddy or Tax upon the profits of trade in the Provinces known by the appellation of the Ceded Districts or the Zillahs of Bellary and Cuddapah)*, and Regulation V. 1832 of the same Code *(declaratory of the liability of persons exercising certain arts, trades, and professions to the Moturfa Tax)*,—shall be repealed from the time at which this Act shall come into operation, except as to any Tax which may then remain due and payable under the said Regulations.

License to carry on art, trade, or dealing.

II. From and after the 1st day of January 1861, every person or partnership in India who shall exercise any lawful art, trade, or dealing, for gain or profit, shall be required to pay the Duty specified in Schedule A of this Act.

Licenses to deal in Tobacco.

III. From and after the said 1st day of January 1861, every person in India dealing in Tobacco, shall be required to take out a license for each shop or place of business in which he shall so deal in Tobacco. Every license granted under this Act shall specify the date of the grant thereof, the true name of the person to whom the same is granted, that such license is granted for dealing in Tobacco, the sum to be paid annually for dealing in Tobacco so long as such license continues, and the place at which the grantee is licensed to sell or deal in Tobacco. No license granted under this Act shall be transferable except as hereinafter provided.

Licenses by whom to be granted.

IV. Licenses to deal in Tobacco under this Act shall be granted by the Collector of Land Revenue, or by a Deputy Collector or person exercising the full powers of a Collector, or by any person specially authorized by Government to grant such licenses.

What duty to be paid thereon.

V. Every person to whom such license shall be granted shall, for every year during the continuance of such license, pay the rate of Duty specified therein not exceeding the rate mentioned in Schedule B; and such Duty shall be payable in advance half-yearly, or in such other manner as shall be specified in the license.

Licenses how long to continue in force.

VI. Every license granted under this Act shall have effect and continue in force from the day of the date thereof, until the same shall be surrendered by the grantee to the Collector

or such other Officer as aforesaid, or until the expiration of the current year of such license in which the grantee shall have received notice from the Collector, calling upon him to renew such license at a different rate of Duty. No surrender of a license shall release the grantee from liability to pay any Duty that would otherwise be payable during the current year.

Death of grantee or transfer of License.

VII. If any person who has taken out a license under this Act, shall die during any portion of the year, in respect of which he has paid Duty in advance, no further Duty shall be payable under the license unless the dealing shall be carried on by his representative or by some person to whom the license has been transferred. Whenever any person shall die or assign his trade or dealing in respect of which a license has been granted, his representative or any person to whom the license shall be transferred, shall be liable to pay the Duty mentioned in the license for the period during which such representative or other person shall carry on the trade or dealing under the same, in the same manner as if the license had originally been granted to him.

Collector to determine the class under which a person shall be assessed.

VIII. The Collector or other Officer as aforesaid shall, subject to the provisions of the Schedules of this Act, determine under what class every person by whom any Duty is payable under this Act shall be assessed,

IX. On or before the first day of January in every year, the Collector or other Officer as aforesaid shall make out a list of the persons liable to pay Duty and to take out licenses under this Act, which list shall state the art, trade, or dealing of each of the persons therein named, or that such person is dealing in Tobacco, the class under which he shall be assessed, and the tax payable by him, and extracts therefrom shall be published in each Thannah or other convenient Division, with the names of such persons as shall reside therein, and such list shall be filed in the Office of such Collector or other Officer as aforesaid.

X. After the said first day of January 1861, if any person shall deal in Tobacco without having taken out a license as required by this Act, he shall be liable on conviction before a Magistrate to a penalty not exceeding ten times the amount which in the judgment of the Magistrate would have been payable by such person in respect of a license duly taken out as aforesaid.

Persons who have not taken out a license shall not recover in suits for trade debts, &c.

XI. No person required by this Act to take out a license shall be allowed to recover in any judicial suit or proceeding any money, debt, or charge claimed by him in respect of any dealing in Tobacco exercised by him after the said 1st day of January 1861, unless such person shall, if required prove to the satisfaction of the Judge or other Officer presiding at the trial, that at the time when the contract was entered into he had duly obtained a license in conformity with this Act, or that he was exempted as herein provided.

License to be produced on demand.

XII. The Collector or other Officer as aforesaid may at all reasonable times require persons liable under this Act to take out licenses to produce the same, and any such person who shall when so required neglect or refuse without reasonable excuse to produce and show his license when required so to do, shall on conviction before a Magistrate be liable to a penalty not exceeding fifty Rupees.

Every person who shall refuse to pay on demand made upon him or left at his usual place of business or residence, any Duty which shall then be payable under this Act, shall be liable to pay a penalty not exceeding three times the amount of the Duty payable, which shall be recoverable in the same manner as arrears of Duty under Act XXXII of 1860.

Exemption of persons assessed for Income Tax.

XV. No person assessed for the payment of any Duty under Act XXXII of 1860, shall be liable to pay any Duty under this Act except for dealing in Tobacco.

Account to be kept by Collecting Officer.

XVI. Every person who shall collect any Duties under this Act shall make out an account specifying the amounts received by him, the names of the persons from whom the same shall be received, and the art, trade, or dealing exercised by such persons, and shall annually or at such other times as shall be ordered by the Collector or by the local Government, make a return thereof to the Collector.

Allowance to Collecting Officer.

XVII. The Government may authorize the Collector to allow to any person employed in collecting Duties under this Act and for keeping the account mentioned in the foregoing Section, such commission, not exceeding three per cent on the amount collected, as the Collector may think fit.

XVIII. All the provisions contained in Part XIX of Act XXXII of 1860, so far as they are applicable, shall have the same effect as if the same had been repeated and enacted in this Act.

XIX. All offences under this Act made punishable by any penalty may be prosecuted in the same manner as offences punishable by fines may be prosecuted under Act XXXII of 1860.

XX. Nothing in this Act shall be deemed to apply to any cultivator of land selling the produce of the land which he cultivates, so as to require any such person to pay a Duty or to take out a license under this Act.

Act not to apply to Cultivators of land.

XXI. Nothing in this Act shall be construed to alter or affect the provisions of any other Law or Regulation relating to licenses.

Saving of other Laws relating to licenses.

XXII. It shall be lawful for the Governor-General of India in Council from time to time to make rules for the guidance of Officers in matters connected with the enforcement of this Act, provided such rules are not inconsistent with any of the provisions herein contained.

Governor-General in Council empowered to make rules.

XXIII. It shall be lawful for the Governor-General of India in Council to postpone, for such periods as he shall deem necessary, the time for this Act to come into operation in any part of India.

Governor-General in Council empowered to postpone operation of Act in any part of India.

XXIV. The word "India" in this Act shall mean the territories which are or may become vested in Her Majesty by the Statute 21 and 22 Vic. c. 106 entitled "An Act for the better Government of India."

A "retail dealer" in Tobacco is one who sells Tobacco in quantities less than one maund.

No wholesale dealer in Tobacco shall, in virtue of his wholesale license, be exempt from penalties for selling by retail without a retail license.

XXV. No part of this Act, except Section I, shall continue in force beyond the 31st December 1865. No. 918 *of* 1860.—His Excellency the Governor General in Council has reason to believe that at some Stations there prevails amongst the English Soldiers of the Local Army a misapprehension as to the bearing which the provisions of a Bill lately proposed to Parliament by Her Majesty's Government will have upon the condition of the Non-Commissioned Officers and Men of Her Majesty's Indian Forces.

The Governor General in Council is able to state for general information that no change whatever in the condition of the Non-Commissioned Officers and Men of these Forces is provided by the Bill or contemplated by Her Majesty's Government.

It is the intention of Her Majesty's Government that the rights, privileges, and exemptions, of every man now serving in Her Majesty's Indian Forces shall, for the whole time of his service, remain precisely what they now are: that no man shall be called upon to serve out of India during the term of his engagement, but that at the end of that term he shall take his discharge, unless he shall desire to enlist into Her Majesty's Army for general service, which he will be free to do: and that during each man's term of engagement he shall not be required to serve otherwise than in Her Majesty's Indian Forces, and in such Arm of them as he has chosen for himself.

The intention of Her Majesty's Government in introducing the Bill is to put a stop to recruiting for Military Service exclusively in India.

The Governor General in Council desires to save the men of Her Majesty's Indian Forces from any mistake on a subject so nearly affecting their feelings and their interests, and with this view the present General Order is issued.

No. 926 *of* 1860.—The following Extract from the *London Gazette* of the 3rd August 1860 is published for general information :—

War Office, the 3rd August 1860.

The Queen has been graciously pleased to signify Her intention to confer the Decoration of the Victoria Cross on the under-mentioned Officers of Her Majesty's Indian Forces, whose claims to the same have been submitted for Her Majesty's approval, in consideration of their gallantry and distinguished conduct during the Operations of the Expeditionary Force in Persia in 1856-57, as recorded against their several names ; *viz.* :—

Regiment.	Rank and Name	Act of Bravery for which recommended.
20th Bombay Native Infantry.	Captain John Augustus Wood. Date of Act of Bravery, 9th December 1856 ..	On the 9th of December 1856 Captain Wood led the Grenadier Company which formed the head of the Assaulting Column sent against Bushire. He was the first man on the Parapet of the Fort, where he was instantly attacked by a large number of the Garrison, who suddenly sprang on him from a Trench cut in the Parapet itself. These men fired a volley at Captain Wood and the head of the storming party, when only a yard or two distant from that Officer; but, although Captain Wood was struck by no less than seven musket balls, he at once threw himself upon the Enemy, passed his sword through the body of their Leader, and being closely followed by the men of his Company, speedily overcame all opposition, and established himself in the place. Captain Wood's decision, energy, and determined valour, undoubtedly contributed in a high degree to the success of the attack. His wounds compelled him to leave the Force for a time, but, with the true spirit of a good Soldier, he rejoined his Regiment, and returned to his duty at Bushire before the wounds were properly healed.

Regiment.	Rank and Name.	Act of Bravery for which recommended.
3rd Bombay Light Cavalry...	Lieutenant & Adjutant Arthur Thomas Moore and Lieutenant John Grant Malcolmson. Date of Acts of Bravery, 8th February 1857.	On the occasion of an attack on the Enemy on the 8th of February 1857, led by Lieutenant-Colonel Forbes, C. B., Lieutenant Moore, the Adjutant of the Regiment, was perhaps the first of all by a Horse's length. His Horse leaped into the square and instantly fell dead, crushing down his rider, and breaking his sword as he fell amid the broken ranks of the Enemy. Lieutenant Moore speedily extricated himself and attempted with his broken sword to force his way through the press; but he would assuredly have lost his life had not the gallant young Lieutenant Malcolmson, observing his peril, fought his way to his dismounted comrade through a crowd of enemies to his rescue, and giving him his stirrup safely carried him through every thing out of the throng. The thoughtfulness for others, cool determination, devoted courage, and ready activity shown in extreme danger by this young Officer, Lieutenant Malcolmson, appear to have been most admirable, and to be worthy of the highest honor.

"4*th*.—Officers who have not the means of referring to General Orders to trace the orders, particulars, &c., which it is hereby required, they shall furnish, must apply to the Divisional Brigade Staff Officers nearest at hand, and by whom the necessary records may be possessed; and Officers are warned that this work cannot be entirely thrown upon the Adjutant General's Office, and that Statements which are not as complete as they possibly might be, will be returned for completion.

"5*th*.—In addition to the above Statements, all Officers applying for leave to Europe will furnish a declaration to the effect that their conduct has never been the subject of a Court Martial or Court of Inquiry, or if this cannot be certified, the facts of the case must be fully stated.

"6*th*.—Officers Commanding Divisions, Stations, and Regiments, are requested to see that all those respectively under their Command make themselves acquainted with this General Order; and all Officers concerned or cautioned to take timely steps for the preparation of the Statements required, in order that, when desirous of proceeding on leave to Europe, their departure may not be delayed from the absence of the documents: for any such delay and consequent incovenience, they will only have themselves to blame.

"7*th*.—In cases of sudden and severe sickness necessitating immediate embarkation, the rule will of course be set aside; but in all other cases a strict observance of the provisions of this Order will be enforced."

2. The system of measuring Boats also whereby the displacement or the part of the Boat actually immersed in water is measured, which has for some time been tried experimentally on the Nuddea Rivers, will be adopted permanently on those Rivers from the 1st November 1860, exception being made only with respect to unladen or empty Boats, on which Tolls will continue to be levied as now, by the measurement or capacity of the entire Boats.

LEGISLATIVE COUNCIL OF INDIA.

THE 15TH SEPTEMBER 1860.

THE following Bill was read a second time in the Legislative Council of India on the 15th September 1860, and was referred to a Select Committee who are to report thereon (under a suspension of the Standing Orders) within a week :—

A Bill to authorize and regulate the Emigration of Native laborers to the French Colonies.

WHEREAS a Convention is contemplated between Her Majesty the Queen of Great Britain and Ireland and His Majesty the Emperor of the French comprising the following Articles :— Preamble.

ARTICLE I.

The French Government shall be at liberty to recruit and engage laborers for the French Colonies in the Indian territories belonging to Great Britain, and to embark Emigrants, being subjects of Her Britannic Majesty, either in British or French Ports in India, under the conditions hereinafter stipulated.

ARTICLE II.

The French Government shall intrust the direction of its operations in every centre of recruitment to an Agent chosen by itself.

Those Agents must be approved by the British Government.

Such approval is assimilated, with regard to the right of granting and withdrawal, to the Exequatur given to Consular Agents.

ARTICLE III.

This recruitment shall be effected conformably to the regulations which now exist, or may hereafter be established, for the recruitment of laborers for British Colonies.

ARTICLE IV.

The French Agent shall, with regard to the operations of recruitment which are intrusted to him, enjoy for himself and for the persons whom he may employ, all the facilities and advantages afforded to the recruiting Agents for British Colonies.

ARTICLE V.

The Government of Her Britannic Majesty shall appoint in those British Ports where Emigrants may be embarked, an Agent who shall be specially charged with the care of their interests.

In French Ports the same duty with regard to Indian subjects of Her Britannic Majesty shall be confided to the British Consular Agent.

Under the term "Consular Agents," are comprised Consuls, Vice-Consuls, and all other Commissioned Consular Officers.

ARTICLE VI.

No Emigrant shall be embarked unless the Agent described in the preceding Article shall have been enabled to satisfy himself either that the Emigrant is not a British subject or, if a British subject, that his engagement is voluntary, that he has a perfect knowledge of the nature of his contract, of the place of his destination, of the probable length of his voyage, and of the different advantages connected with his engagement.

ARTICLE VII.

The contracts of service, with the exception provided for by Section 4 of Article IX, and by Section 2 of Article X, shall be made in India, and shall either bind the Emigrant to serve a person designated by name, or to serve a person to whom he shall be allotted by the proper authority on his arrival in the Colony.

ARTICLE VIII.

The contracts shall, moreover, make stipulation for :—

1. The duration of the engagement at the expiration of which the Emigrant shall receive a return-passage to India at the expense of the French Government, and the terms on which it will be competent to him to abandon or renounce his right to a free return-passage.

2. The number of days and hours of work.

3. The wages and rations, as well as the rate of payment for extra work, and all the advantages promised to the Emigrant.

4. Gratuitous medical treatment for the Emigrant, except in cases where, in the opinion of the proper Government Officer, his illness shall have arisen from his own misconduct.

In every contract of engagement there shall be inserted an exact copy of Articles IX, X, XX, and XXI of the present Convention.

ARTICLE IX.

1. The duration of the Immigrant's engagement shall not be more than five years. In case, however, he shall be duly proved to have absented himself from work, he shall be bound to serve a number of days equal to the time of his absence.

2. At the expiration of that period, every Indian who shall have attained the age of ten years at the time of his departure from India, shall be entitled to a return-passage at the expense of the French Government.

3. If he can show that his conduct has been regular and that he has the means of subsistence he may be allowed to reside in the Colony without any engagement; but from that time he will lose his right to a free return-passage.

4. If he consents to contract a new engagement, he will be entitled to a bounty, and will retain his right to a return-passage at the expiration of this second engagement.

The right of the Immigrant to a return-passage extends to his wife, and to his children who quitted India under the age of ten years, as well as to those born in the Colonies.

ARTICLE X.

The Immigrant shall not be bound to work more than six days in seven, nor more than nine hours and a half a day.

The conditions of task-work and every other kind of regulation for work, shall be freely arranged with the laborer. The obligation to provide, on holidays, for the care of animals and the necessities of daily life, shall not be considered as work.

ARTICLE XI.

In British Ports, the arrangements which precede the departure of the Emigrants shall be conformable to those prescribed by the regulations for the British Colonies. In French Ports, the Emigration Agent, or his deputies, shall, on the departure of every Emigrant ship, deliver to the British Consular Agent a nominal list of the Emigrants who are subjects of Her Britannic Majesty, with a description of their persons, and shall also communicate to him the contracts of which he may require copies. In such case, only one copy shall be given of all contracts of which the provisions are identical.

ARTICLE XII.

In the Ports of embarkation, the Emigrants who are subjects of Her Britannic Majesty shall be at liberty, conforming to the regulations of Police relative to such establishments, to leave the Depôts or other place in which they may be lodged in order to communicate with the British Agents, who, on their part may at any reasonable hour visit the places in which the Emigrants, subjects of Her Britannic Majesty, are collected or lodged.

ARTICLE XIII.

Emigrants may leave India for the Colonies to the East of the Cape of Good Hope at all times of the year.

For other Colonies they may leave only from the 1st of August to the 15th of March. This arrangement applies only to sailing vessels; vessels using steam power may leave at any time of the year.

Every Emigrant sailing from India for the Antilles between the 1st of March and the 15th of September shall receive at least one double blanket over and above the clothing usually allowed to him, and may make use of it so long as the vessel is outside of the tropics.

ARTICLE XIV.

Every Emigrant vessel must carry an European Surgeon and an Interpreter.

The Captains of Emigrant vessels shall be bound to take charge of any despatch which may be delivered to them by the British Agent at the Port of embarkation for the British Consular Agent at the Port of destination, and to deliver it to the Colonial Government immediately after his arrival.

ARTICLE XV.

In every vessel employed for the conveyance of Emigrants, subjects of Her Britannic Majesty, the Emigrants shall occupy, either between decks, or in cabins on the upper deck, firmly secured and entirely covered in, a space devoted to their exclusive use. Such cabins and space between decks shall in every part have a height of not less than five feet and a half.

No compartment shall take more than one adult Emigrant for every cubic space of seventy-two feet in the Presidency of Bengal and at Chandernagore, and for every cubic space of sixty feet in other French Ports, and in the Presidencies of Bombay and Madras.

An Emigrant above the age of ten years shall count as an adult, and two children from one to ten years of age shall count as one adult.

A place shall be fitted up for a hospital in every Emigrant ship.

Women and children shall occupy compartments of the vessel distinct and separate from those of the men.

ARTICLE XVI.

Each shipment of Emigrants shall include a proportion of women equal to at least one-fourth of the number of men. After the expiration of three years, the numerical proportion of women shall be raised to one-third; after two years more, it shall be raised to one-half; and after a further period of two years, the proportion shall be the same as may be fixed for the British Colonies.

ARTICLE XVII.

The British Agents at the embarkation, shall have, at all reasonable times, the right of access to every part of the ship which is appropriated to the use of Emigrants.

ARTICLE XVIII.

The Governors of the French establishments in India shall make such administrative regulations as may be necessary to ensure the complete execution of the preceding stipulations.

ARTICLE XIX.

On the arrival of any Emigrant ship in any French Colony, the Government shall cause to be transmitted to the British Consular Agent any despatches which it may have received for him, together with—

1. A nominal list of all laborers disembarked who are subjects of Her Britannic Majesty.
2. A list of the deaths or births which may have taken place during the voyage.

The Colonial Government shall take the necessary measures to enable the British Consular Agent to communicate with the Emigrants before their distribution in the Colony.

A copy of the "List of Distribution" shall be delivered to the Consular Agent.

He shall be informed of all deaths and births which may occur during the period of engagement, as well as of all changes of employer, and of all departures on a return-passage.

Every fresh engagement, or act of renunciation of the right to a free return-passage, shall be communicated to the Consular Agent.

ARTICLE XX.

All Immigrants, being subjects of Her Britannic Majesty, shall, in the same manner as other subjects of the British Crown, and conformably to the ordinary rules of international law, enjoy, in the French Colonies, the right of claiming the assistance of the British Consular Agents; and no obstacle shall be opposed to the laborers' resorting to the Consular Agent and communicating with him; without prejudice, however, to the obligations arising out of his engagement.

ARTICLE XXI.

In the distribution of laborers no husband shall be separated from his wife, nor any father or mother from their children under fifteen years of age. No laborer shall be required to change his employer without his own consent, unless he be transferred to the Government, or to the person who has acquired the property on which he is employed.

Immigrants who may become permanently incapable of work, either by sickness or by any other cause beyond their own control, shall be sent back at the expense of the French Government, whatever time may still be wanting to entitle them to a free return-passage.

ARTICLE XXII.

All operations of immigration may be carried on in the French Colonies by French or British vessels without distinction.

British vessels which may engage in those operations shall be bound to conform to all the measures of Police, health, and equipment which may apply to French vessels.

ARTICLE XXIII.

The labor regulations of Martinique shall serve as the basis for all the regulations of the French Colonies into which Indian Emigrants, subjects of Her Britannic Majesty, may be introduced.

The French Government engages not to introduce into those regulations any modification the result of which would be to place the said Indian subjects in an exceptional position, or to impose upon them conditions of labor more stringent than those prescribed by the said regulations.

ARTICLE XXIV.

The present Convention applies to emigration to the Colonies of Re-union, Martinique, Guadeloupe and its dependencies, and Guiana.

It may hereafter be applied to immigration to other Colonies in which British Consular Agents shall be established.

ARTICLE XXV.

The provisions of the present Convention relative to the Indian subjects of Her Britannic Majesty shall apply to the Natives of every Indian State which is under the protection or political control of Her said Majesty, or of which the Government shall have acknowledged the supremacy of the British Crown.

ARTICLE XXVI.

The present Convention shall begin to take effect on the 1st of August 1861, and shall continue in full force for three years and a half. It shall remain in full force, if notice for its termination be not given in the course of the month of August of the third year, and then notice can be given only in the course of the month of August of each succeeding year.

In case of notice being given for its termination, it shall cease eighteen months afterwards.

It is understood that the stipulations of the present Convention relative to Indian subjects of Her Britannic Majesty introduced into the French Colonies shall be maintained in force in favor of the said Indians until they shall either have been sent back to their own country or have renounced their right to a return-passage.

And whereas a Convention was concluded and signed at Paris on the 25th day of July 1860 between Her said Majesty the Queen of Great Britain and Ireland and His said Majesty the Emperor of the French consisting of the same Articles, but limited to the emigration to the French Colony of Re-union from British India of Native laborers to the number of not more than six thousand:

2*ndly.*—Limited powers to investigate and report Summary Suits and Regular Revenue Suits.

It will rest with Commissioners, at their discretion, to recommend Tehseeldars for the exercise of powers. All Officiating Tehseeldars will belong to the Third Class, and all Tehseeldars who have served one year in the permanent appointment will be promoted to the First Class. It will also rest with the Commissioners, with the concurrence of the Financial or Judicial Commissioners, to degrade from a higher to a lower Class.

As a general rule, no Tehseeldar should have charge of the same Tehseeldaree for more than five years.

On his first nomination, the Tehseeldar will write and sign, in the presence of the Deputy Commissioner, the declaration given in the Appendix C., and no future plea of ignorance of Government Orders will receive attention.

Sunnuds (specimens of which are given) signed by the Commissioner, defining his powers, will be given, from time to time, to every Tehseeldar.

Secy. to Govt., Punjab.

PUBLIC WORKS DEPARTMENT.

No. 231.

Fort William, the 25th September 1860.

Notification.—The following Resolution is published for general information:—

Nos. 1945-56.

Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council.

Public Works Department.

Fort William, the 22nd September 1860.

General.

Accounts.

Read Despatches to the Right Hon'ble the Secretary of State, Nos. 69 and 70, dated the 8th October 1859, on proposed changes in the Budget system of the Public Works Department.

Read a Despatch from the Right Hon'ble the Secretary of State, No. 49, dated 8th November 1859, on the same subject.

Read a reply to the above by His Excellency the Right Hon'ble the Governor General, No. 1, dated 16th January 1860, asking further instructions on some material points of the scheme, before issuing directions to the Local Governments.

Read a Despatch from the Right Hon'ble the Secretary of State, No. 14, of 8th February 1860, on the same subject.

Observations.—The Right Hon'ble the Governor General in Council observes that, although the Despatch No. 1, of 16th January 1860, has not yet been replied to, the near approach of the time at which the Local Governments must commence the preparation of their Budgets for 1861-62, and the admitted inconveniences of the present Budget Rules, render it very undesirable to allow the system to continue for another season. His Excellency in Council has therefore caused the following Rules to be drawn up so as to give facility to the Local Governments in administering their Public Works Departments, and to bring the Public Works Department and the Financial Department of the Government of India into harmony as regards Estimates of expenditure.

These arrangements also can scarcely stand in the way of any orders on the Budget system which Her Majesty's Government may finally give.

The powers of sanction of the larger Local Governments cannot, however, properly be increased to the full extent desired by the Government of India, while the power of the Government of India itself continues to be restricted to the sanction of projects of which the cost does not exceed one lakh of Rupees.

Resolved, therefore, that the following changes be now made:—

Previous Powers.		Rs.
Rs. 25,000	Madras and Bombay Governments ...	60,000
„ 25,000	Each of the Lieutenant-Governors ...	40,000
„ 2,000	Chief Commissioner of Oudh, and Commissioners of Pegu and Mysore ...	10,000
„ 2,000	Commissioners of other Local Administrations ...	5,000
„ 5,000	Governor of the Straits' Settlements	

First.—That the Local Administrations be empowered to sanction projects not exceeding in cost each:—

Second.—That the consideration and sanction of projects on their individual merits be entirely separated from the general review of the wants of each Local Administration in Public Works, and the allotment of funds for meeting those wants. Individual Projects and Estimates may therefore be considered by the Local Administrations at any time, and may be sanctioned for insertion in a future year's Budget, or, in emergent cases, for execution at once (within the limits of the Budget total as provided below), or, if exceeding the

powers of the Local Governments, may be sent at any time to the Government of India for orders, or for transmission to the Secretary of State.

The projects and estimates entered in Part I. of the Budget will thus come to be those which, having been previously submitted to, and approved by the Government of India, or Secretary of State, the Local Government proposes to commence during the year; or which it may be desirous of commencing during the year, and intends to submit to these Authorities, or having submitted, has not obtained orders on. Part I. of the Budget will not, therefore, be accompanied by any Plans or Estimates.

Third.—That in Part II. a slight change be made, namely, the omission of two of the three columns in which the outlay on each project up to the end of the previous year is shown. The first of these columns shows the outlay for which accounts have actually been received, the next shows the estimated outlay up to the end of April, (the Budget being due in January,) and the last shows the total of these two. The last only will be retained, it being understood that it is filled up by actual accounts as far as possible, and the remainder by Estimate.

Fourth.—That the powers to sanction projects chargeable to Part III. of the Budget (the Reserve or Unappropriated Fund) be allowed to be exercised to exactly the same extent as the powers at the annual review; that is to say, the Local Governments may at any time of the year exercise the same powers of sanction as were, under former rules, restricted to the annual review, and may order a work, if wanted immediately, to be carried out at once and charged to Part III. of the Budget; but always on the condition that the funds in Part III. shall not be imprudently drawn upon, but sufficient shall be reserved at all times of the year to meet probable unforeseen demands.

The total amount of Part III. should be made in all cases equal to one-tenth of the whole allotment.

Fifth.—It has already been ruled in a general way that the Budget should contain the whole of the expenditure on Public Works proposed by each Local Government. But the rules have not been fully understood and acted on in all cases. In stating below precisely what it must contain, it is premised that it is not intended, by requiring the insertion in the Budget of outlay from funds entirely at the disposal of the Local Government, to exercise any interference therewith. It is only desired that the Government of India should be kept informed of the outlay for financial purposes, and of the nature of the projects to be undertaken, for the information's sake, and in reference to their effect upon the wants of the country which remain to be met from the Imperial Funds.

The Budget should include, therefore, in addition to the regular expenditure of Cash by the Officers of the Public Works Department proper:—

A. The approximate cost of Stores indented for on the Home Government, and expected to be charged during the year. Materials, Tools, and Plant for general purposes may appear in Part II. at the end. Machinery for Work-shops should form part of the charge in the Estimates for forming or improving the Work-shops, and so will fall in the project in Part I. or II. Materials (such as Iron Girders for Bridges,) specially devoted to any project will of course enter as part of the cost of that project. In all cases the amount chargeable for materials from England should be noted separately.

N. B.—The outlay for the purchase of Stores and manufacture of materials in India is to be met from the amount assigned to each Work, although the purchases or manufacture are not chargeable directly to the Works. The Works receive supplies from the Stock Account, and the Stock is replenished from the outlay allowed for the Works, and so the expenditure of Cash is covered by the sums set down in the Budget for the Works.

B. Outlay of Imperial Funds for Public Works purposes by Officers not belonging to the Public Works Department. For original Works these will appear in Part II., for repairs in Part IV., and provision for unforeseen requirements in Part III.

C. Expenditure to be incurred by Government on account of Railways, for Government Controlling Establishments, Land Commissioners' salaries, purchase of Land, and Works on Railways executed directly by Government (such as the Rohilkund Railway,) Establishment charges will of course fall in Part V.; land purchases in Part II. or III., according as it is specifically estimated, or only estimated in a general way to meet possible requirements. Construction and repair of Government Railway Works will of course fall in Parts I. or II. and IV. respectively.

D. Disbursements on account of the Capital Deposits of Guaranteed Companies for construction of Railways and other Works, including repairs and working expenses, purchase of Stores, &c. It will only be necessary to set down the total sums intended to be drawn on account of each Company. These sums should be shown after the Imperial Expenditure in Part II. of the Budget, and should have a separate total. It should be understood that the sum set down is to be a practical limit, and the Local Government is no more at liberty to authorize, without sanction, the drawing of funds on account of Capital Deposits, in excess of the Budget provision for the purpose, than it is in the case of Imperial Funds.

E. The items of outlay from Road and Ferry Funds, and from any other Funds at the disposal of the Local Administration. These should appear separately from the Imperial Outlay and Guaranteed Capital Disbursements, in their appropriate places in Parts II. A., II. B., IV. or V. It is not intended to order any change as to the period of allotting the Local Funds to the several District Committees, and of determining the operations for the year. All that is wanted is an estimate of the probable outlay, and a list of the principal Works to which the Funds are likely to be devoted, *so far as known at the period of the submission* of the Budget. The Local Government will be quite at liberty to alter the arrangement after submission of the Budget, and the Government of India will be sufficiently informed on the subject by receiving a copy of the Resolution of the Local Government when the final arrangement for the year is made.

It is thus provided that the Budget shall embrace three great classes of expenditure which shall not be in any way blended together, but shall be shown quite distinctly, with separate totals, namely:—

1. Outlay from Imperial Funds.
2. Outlay from Local Funds.
3. Outlay from Capital Deposits of Guaranteed Companies.

Sixth:—The Budget should be accompanied by an extract of the anticipative Sketch Estimate, or other similar document submitted to the Financial Department for the same year; which extract should contain all the Public Works anticipated receipts and charges, and shou'd show an intended outlay exactly corresponding to the Public Works Department Budget. There should also be accounts of the estimated balances, and income and expenditure of each of the Local Funds for the coming year.

Resolved further, that the alterations above determined on shall be held to, and considered fixed for the Budgets of 1861-62, and such further changes as may be hereafter ordered in correspondence with Her Majesty's Government will come into operation for the preparation of the Budgets of 1862-63. Thus, all parties will be saved the harrassing effect of orders and counter-orders, should the Secretary of State's instructions reach after the publication of the rules now determined on, and before the completion of the Budgets of the ensuing year.

Notification.—*The 27th September* 1860.—The salaries at present attached to the Office of Magistrate and Collector in the Lower Provinces of the Bengal Presidency are fixed, according to the Station to which the Officer is attached, at four different rates, *viz.* Rupees 28,000, Rupees 23,000, Rupees 18,000, and Rupees 12,000 a year. This has been found to involve the necessity of frequent transfers which would otherwise be unnecessary, and also needlessly to multiply acting appointments. In order to remedy these inconveniences, the Lieutenant-Governor has obtained the sanction of His Excellency the Governor General of India in Council to the adjustment of the salaries of Officers of this Class upon the principle of Grades, so that the salary will not necessarily depend upon the Station to which the Officer is attached. This change will make no difference in the number of Officers of this Class, nor in the aggregate amount of salary drawn by them.

Henceforth, as the new principle is applied to each Magistrate and Collector, his salary will be personal. The Officers of this Class will be divided into two Grades—to the First or highest of which, consisting ultimately of twenty-two Officers a salary of Rupees 23,000 a year is attached; and to the Second or lowest of which, consisting ultimately of fourteen Officers, a salary of Rupees 18,000 is attached. The Magistrate of Howrah, who has a house allowed, will rank with the Second Grade, but will draw Rupees 16,800 a year.

The new arrangement will be carried out on the occurrence of vacancies with as little delay as practicable. The under-mentioned Magistrates and Collectors are accordingly appointed to be Magistrates and Collectors of the First and Second Grade respectively:—
